Franklin, Jack, Marla, Thadus, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

58 color reproducible graphic organizers to help your students comprehend any book or piece of literature in a visual way. Our graphic organizers enable readers to see how ideas fit together, and can be used to identify the strengths and weaknesses of your students' thought processes. Our graphic organizers are essential learning tools that will help your students construct meaning and understand what they are reading. They will help you observe your students' thinking process on what you read as a class, as a group, or independently, and can be used for assessment. They include: Story Maps, Plot Development, Character Webs, Predicting Outcomes, Inferencing, Foreshadowing, Characterization, Sequencing Maps, Cause-Effect Timelines, Themes, Story Summaries and Venn Diagrams.

Offers advice on the kinds of things to do if you don't want to have any friends

Even as a little girl, Selene had always been adventurous, climbing trees and finding new adventures in every nook and cranny. She was never accepted by either gender all children thought she was too outspoken and strange. Little did she know how different she truly was until an encounter with a mysterious stranger changes her life forever. Readers can witness the intriguing events unfold in Valley of Dust, a novel by Karoleen Vry Brucks. Growing up, Selene was too different and never really fit anywhere. Now 22, she literally lived the life of a starving artist, taking up art at Penland School of Crafts and bartending at night to pay the bills. Only her dreams of a gorgeous mystery man gave her comfort and the strength to go forward. While out jogging at night, Selene is attacked then rescued by a man with silver hair. From the moment that Lucian saw Selene, he knew she was special and that she was his destiny. He sent his brother, Anton, out to watch over her and protect her while she is still unaware of her true nature. Lucian, however, didn't foresee that Anton and Selene would be mutually attracted to each other. Will Selene come between the two brothers? How will she handle the truth about what she is and the power that courses through her veins? Readers can unravel the exciting answers as they explore the Valley of Dust.

A guide to launching and managing literature circles offers strategies, tools, structures, and stories and includes new models and procedures for primary, middle, and high school grades.

The U.S. Navy is ready to execute the Nation's tasks at sea, from prompt and sustained combat operations to every-day forward-presence, diplomacy and relief efforts. We operate worldwide, in space, cyberspace, and throughout the maritime domain. The United States is and will remain a maritime nation, and our security and prosperity are inextricably linked to our ability to operate naval forces on, under and above the seas and oceans of the world. To that end, the Navy executes programs that enable our Sailors, Marines, civilians, and forces to meet existing and emerging challenges at sea with confidence. Six priorities guide today's planning, programming, and budgeting decisions: (1) maintain a credible, modern, and survivable sea based strategic deterrent; (2) sustain forward presence, distributed globally in places that matter; (3) develop the capability and capacity to win decisively; (4) focus on critical afloat and ashore readiness to ensure the Navy is adequately funded and ready; (5) enhance the Navy's asymmetric capabilities in the physical domains as well as in cyberspace and the electromagnetic spectrum; and (6) sustain a relevant industrial base, particularly in shipbuilding.

Weaving together Jewish lore, the voices of Jewish foremothers, Yiddish fable, midrash and stories of her own imagining, Ellen Frankel has created in this book a breathtakingly vivid exploration into what the Torah means to women. Here are Miriam, Esther, Dinah, Lilith and many other women of the Torah in dialogue with Jewish daughters, mothers and grandmothers, past and present. Together these voices examine and debate every aspect of a Jewish woman's life -- work, sex, marriage, her connection to God and her place in the Jewish community and in the world. The Five Books of Miriam makes an invaluable contribution to Torah study and adds rich dimension to the ongoing conversation between Jewish women and Jewish tradition.
