accepts a request from one of his teachers to help out at a youth club in the destitute Sicilian neighbourhood of Brancaccio. This narrow tangle of alleyways is controlled by local mafia thugs, but it is also the home of children like Francesco, Maria, Dario, Totò: children with none of Federico's privileges, but with a strength and vitality that changes his life forever. Eschewing convention, he embraces views that will make many in literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, White is a clarion call for freedom of speech and artistic freedom.
