Captives among the Indians; first-hand narratives of Indian wars, customs, tortures, and habits of life in colonial times. 258 Pages.

First-hand Narratives of Indian Wars, Customs, Tortures, and Habits of Life in Colonial Times.First there is the story of Captain James Smith, who was captured by the Delawares at the time of Braddock's defeat, was adopted into the tribe, and for four years lived as an Indian, hunting with them, studying their habits, and learning their point of view. Then there is the story of Father Bressani who felt the tortures of the Iroquois, of Mary Rowlandson who was among the human spoils of King Philip's war, and of Mercy Harbison who suffered in the red flood that followed St. Clair's defeat. All are personal records made by the captives themselves in those old days when the Indian was constantly at our forefathers's doors.These brutal accounts are not for the faint-hearted. This collection was edited in 1915, and takes the reader back to a time when not all was as good as we nowadays think it was.

Astounding eyewitness accounts of Indian captivity by people who lived to tell the tale. Fifteen true adventures recount suffering and torture, bloody massacres, relentless pursuits, miraculous escapes, and adoption into Indian tribes.

From the intro: "James Smith, pioneer, was born in Franklin county, Pennsylvania, in 1737. When he was eighteen years of age he was captured by the Indians, was adopted into one of their tribes, and lived with them as one of themselves until his escape in 1759. He became a lieutenant under General Bouquet during the expedition against the Ohio Indians in 1764, and was captain of a company of rangers in Lord Dunmore's War. In 1775 he was promoted to major of militia. He served in the Pennsylvania convention in 1776, and in the assembly in 1776-77. In the latter year he was commissioned colonel in command on the frontiers, and performed distinguished services. Smith moved to Kentucky in 1788. He was a member of the Danville convention, and represented Bourbon county for many years in the legislature. He died in Washington county, Kentucky, in 1812. The following narrative of his experience as member of an Indian tribe is from his own book entitled "Remarkable Adventures in the Life and Travels of Colonel James Smith," printed at Lexington, Kentucky, in 1799. It affords a striking contrast to the terrible experiences of the other captives whose stories are republished in this book; for he was well treated, and stayed so long with his red captors that he acquired expert knowledge of their arts and customs, and deep insight into their character. (Editor.)"
