Renault, Samsung, Lacoste This book provides opportunities to discover a selection of issues recently faced by 10 major French companies. Each case offers in a clear and structured manner: a case presentation sheet including the problem statement, learning objectives, as well as the main themes and marketing tools used throughout the case; a narrative reviewing important information about the company and its environment, leading to the problem to be investigated; a series of questions guiding the draft of a structured solution; a detailed solution outlining the main strategic recommendations. Based on real issues and written in collaboration with the companies, the 10 field-based case studies allow applying marketing principles, theories and models: segmentation, positioning, marketing plan, as well as designing strategies at the product, price, place and promotion levels. Learning by doing, applied to marketing!"

"This book provides a discussion of the managerial aspects, solutions and case studies related to e-business, disseminating current achievements and practical solutions and applications"--Provided by publisher.
