One of People's, Glamour's, and BuzzFeed's Best Reads of Summer, from the New York Times bestselling author of *Then She Was Gone* "Jewell expertly builds suspense by piling up domestic misunderstandings and more plot twists than an SVU episode. It's a page-turner for readers who like beach reads on the dark side." --People "Faithful to the thriller genre, Jewell makes liberal use of red herrings and plot twists... The answer to the whodunit is a sly--and satisfying--surprise." --The New York Times "Full of suspense yet emotionally grounded...Fans of Liane Moriarty, Paula Hawkins, and Carla Buckley will adore this peek inside a gated community that truly takes care of its own, no matter the consequences." --Booklist (starred review) Imagine that you live on a picturesque communal garden square, an oasis in urban London where your children run free, in and out of other people's houses. You've known your neighbors for years and you trust them. Implicitly. You think your children are safe. But are they really? On a midsummer night, as a festive neighborhood party is taking place, preteen Pip discovers her thirteen-year-old sister Grace lying unconscious and bloody in a hidden corner of a lush rose garden. What really happened to her? And who is responsible?

It is the tenth night of the great war between the Pandavas and Kauravas. Bhishma, the venerable patriarch of the families, lies fatally wounded on the plains of Kurukshetra. On his deathbed he offers Radheya, his nemesis, a chance to rule the Kuru kingdom by capturing Yudhishtira. In the Pandava camp, Yudhishtira, a reluctant warrior, tries desperately to hold his allies together and escape capture without appearing to be a coward. Meanwhile, his young and impulsive nephew, Abhimanyu, a warrior

prince, dreams of glory and yearns for a chance to save the Pandava cause. The lives of these three warriors, Yudhisthira, Radheya and Abhimanyu, collide brutally on the thirteenth day. A story of how stories are created, how fact becomes fiction, how history becomes mythology and how men become legends, *The Thirteenth Day* re-imagines India's greatest epic like never before.

Hindutva icon or secular nationalist? Feudal potentate or peasants' king? Protector of cows and brahmans or shudra ruler? Medieval marauder or builder of an empire? Who was Shivaji? This punchy, readable book provides a new perspective on a popular hero of Indian history. After this, Shivaji will never be the same again. Govind Pansare was one of Maharashtra's most prominent public intellectuals. And among the bravest. He was felled by an assassin. But his rationalist view of human history is impossible to kill. This book is testimony to the power of ideas.

This book, *The Elite Way*, is designed to give men straightforward rules about dating and relationships without the filter of political correctness. To some, the concept of rules as they pertain to relationships may seem rigid, cold or calculating. After all, we have been taught that relationships are supposed to be based on spontaneity, chance encounters, luck and uncontrollable emotions. Any game or situation you get into has to have rules for there to be order. If you play a game like blackjack or poker, it is gambling, but it is also a game of strategy. That's why poker is often considered a sport. Understanding and effectively dealing with women is a sport. That's why men who have mastered certain strategies to get women are often called "players." Best selling author and world renowned "Game Advisor" Tariq Elite (*The Art Of Mackin, Play Or Be Played, The Mack Within, etc*) breaks down the 10 essential rules that every man should know in order to effectively deal with women. Comprehending these rules will help any man master the sport of dating and relationships.

In the Penal Colony is a short story by Franz Kafka written in German in October 1914, revised in November 1918, and first published in October 1919. The story is set in an unnamed penal colony. Internal clues and the setting on an island suggest Octave Mirbeau's *The Torture Garden* as an influence. As in some of Kafka's other writings, the narrator in this story seems detached from, or perhaps numbed by, events that one would normally expect to be registered with horror. "In the Penal Colony" describes the last use of an elaborate torture and execution device that carves the sentence of the condemned prisoner on his skin before letting him die, all in the course of twelve hours. As the plot unfolds, the reader learns more and more about the machine, including its origin and original justification. The story focuses on the Explorer, who is encountering the brutal machine for the first time. Everything about the machine and its purpose is told to him by the Officer. The Soldier and the Condemned (who is unaware that he has been sentenced to die) placidly watch from nearby. The Officer tells of the religious epiphany the executed experience in their last six hours in the machine. Eventually, it becomes clear that the use of the machine and its associated process of justice – the accused is always instantly found guilty, and the law he has broken is inscribed on his body as he slowly dies over a period of 12 hours – has fallen out of favor with the current Commandant. The Officer is nostalgic regarding the torture machine and the values that were initially associated with it. As the last proponent of the machine, he strongly believes in its form of justice and the infallibility of the previous Commandant, who designed and built the device. In fact, the Officer carries its blueprints with him and is the only person who can properly decipher them; no one else is allowed to handle these documents.
