Brinkmann shows how everyday life materials such as books,

can help us to

larger social

In addition,
Dewey's

criticisms that
can be directed
at them.

Throughout the
book, Dewey's

of ideas, but

there is also a constant focus on how Dewey may assist us in solving some of the problems that face us in a so-called postmodern era. This book is the first to offer an interpretation of John Dewey's

emphasis on his
contribution to

himself by
combining a

human life with
a naturalistic
one. He was an

Brinkmann shows

how his non-

reductionist,

naturalist

psychology can

Dewey's

the

philosophical,
