Janet Lansbury ' s advice on respectful parenting is quoted and shared by millions of readers worldwide. Inspired by the pioneering parenting philosophy of her friend and mentor, Magda Gerber, Janet ' s influential voice encourages parents and child care professionals to perceive babies as unique, capable human beings with natural abilities to learn without being taught; to develop motor and cognitive skills; communicate; face age appropriate struggles; initiate and direct independent play for extended periods; and much more. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and to connect with our child. " Elevating Child Care " is a collection of 30 popular and widely read articles from Janet ' s website that focus on some of the most common infant/toddler issues: eating, sleeping, diaper changes, communication, separation, focus and attention span, creativity, boundaries, and more. Eschewing the quick-fix ' tips and tricks ' of popular parenting culture, Janet ' s insightful philosophy lays the foundation for a closer, more fulfilling parent/child relationship, and children who grow up to be authentic, confident, successful adults.

At long last -- Magda Gerber's wisdom and spice captured in a book --what a treasure! Now parents and caregivers everywhere can benefit from learning what it means to truly respect babies. --Janet Gonzalez-Mena, Author of *Infants, Toddlers, and Caregivers* and *Dragon Mom* "Magda Gerber's approach will deepen your understanding of your baby and help you truly appreciate the complexity, competence, and amazing capacities of the small human being for whom you are caring." --Jeree H. Pawl, Ph.D. Director, Infant-Parent Program University of California, San Francisco, School of Medicine As the founder of Resources for Infant Educators (RIE), Magda Gerber has spent decades helping new mothers and fathers give their children the best possible start in life. Her successful parenting approach harnesses the power of this basic fact: Your baby is unique and will grow in confidence if allowed to develop at his or her own pace. The key to successful parenting is learning to observe your child and to trust him or her to be an initiator, an explorer, a self-learner with an individual style of problem solving and mastery. Now you can discover the acclaimed RIE approach. This practical and enlightening guide will help you: Develop your own observational skills Learn when to intervene with your baby and when not to Find ways to connect with your baby through daily caregiving routines such as feeding, diapering, and bathing Effectively handle common problems such as crying, discipline, sleep issues, toilet training, and much more.

Janet Lansbury is unique among parenting experts. As a RIE teacher and student of pioneering child specialist Magda Gerber, her advice is not based solely on formal studies and the research of others, but also on her twenty years of hands-on experience guiding hundreds of parents and their toddlers. " No Bad Kids " is a collection of Janet's most popular and widely read articles pertaining to common toddler behaviors and how respectful parenting practices can be applied to benefit both parents and children. It covers such common topics as punishment, cooperation, boundaries, testing, tantrums, hitting, and more. " No Bad Kids " provides a practical, indispensable tool for parents who are anticipating or experiencing those critical years when toddlers are developmentally obliged to test the limits of our patience and love. Armed with knowledge and a clearer sense of the world through our children ' s eyes, this period of uncertainty can afford a myriad of opportunities to forge unbreakable bonds of trust and respect.

Raise self-confident, self-reliant children using the RIE (Resources for Infant Educators) Approach. Your baby knows more than you think. That's the heart of the principles and teachings of Magda Gerber, founder of RIE (Resources for Infant Educators), and *Educaring*. *Baby Knows Best* is based on Gerber's belief in babies' natural abilities to develop at their own pace, without coaxing from helicoptering or hovering parents. The *Educaring* Approach helps parents see their infants as competent people with a growing ability to communicate, problem-solve, and self-soothe. *Baby Knows Best* is a comprehensive resource that shows parents how to respond to their babies' cues and signals; how to develop healthy sleep habits; why babies need uninterrupted playtime; and how to set clear, consistent limits. The result? More relaxed parents and more confident, self-reliant children.

Examines systemic issues contributing to inequities in early childhood, with ways faculty, teachers, administrators, and policymakers can work to disrupt them.

A simple book to support parents to stay emotionally connected with their babies during challenging moments. Printed on recycled paper."This book is user-friendly and a little life-saver for Moms and Dads as they embark upon the grand journey of caring for their child. Easy to read - but make no mistake: this booklet is chock-a-block full of the most up-to-date, scientifically sound information and advice, and it will help you inject peace, harmony and pleasure into your relationship with your child. The beautiful and heart-warming family photos sprinkled throughout will keep you connected to our larger human family." -Robin Grille, Author of *Parenting for a Peaceful World*

Shows parents and caregivers how to understand toddlers.

Internationally renowned infant specialist Magda Gerber, M.A., the founder of RIE, offers a healthy new approach to infant care based on a profound respect for each baby's individual needs and abilities.

Inside secrets and never-before-revealed stories are shared in this one-of-a-kind book by Child Care Business Success Mentor Julie Bartkus. Julie's mission has been to help child care owners create their positive, productive and profitable child care businesses for almost 20 years, and now in her book, *Child Care Business Success*, she interviews several child care business owners who stand out above and beyond all others in their communities because of one thing. This one thing is THE thing that Julie is so very passionate about sharing with child care owners worldwide. It has the power to transform child care programs, including filling enrollments in record time, attracting and retaining DREAMY staff and clients, and sustaining a motivated and dynamic team; this allows child care owners to experience the time, freedom and profits that they desire and most importantly deserve. Are you ready to discover the power of this one thing and get really DREAMY with your child care business?

Does your child Refuse to cooperate in the morning? Get into trouble for not listening? "Lose it" over seemingly insignificant issues? Seem to resist sleep? An estimated 69 percent of American infants, children, and teens are sleep deprived. Studies have shown that sleep deficits can contribute to hyperactivity, distraction, forgetfulness, learning problems, illness, accidents, and disruptive behaviors. Often what our

misbehaving kids really need isn't more "consequences" or more medication but more sleep. Sleepless in America offers weary and frustrated parents a helping hand and an exciting new approach to managing challenging behaviors by integrating research on stress, sleep, and temperament with practical strategies and a five-step approach that enables parents to help their "tired and wired" children get the sleep they so desperately need.
