Looking for an easy-to-use guide to English grammar? This handy introduction covers all the basics of the subject, using a simple and straightforward style. Students will find the book's step-by-step approach easy to follow and be encouraged by its non-technical language. Requiring no prior knowledge of English grammar, the information is presented in small steps, with objective techniques to help readers apply concepts. With clear explanations and well chosen examples, the book gives students the tools to understand the mysteries of English grammar as well as the perfect foundation from which to move on to more advanced topics.

The easy way to brush up on your English skills Is it good or well? There, their, or they're? Some people don't have to think twice about using proper English, but for the rest of us it can get tricky and confusing. Whether you're writing or speaking, it's all too easy to fall prey to simple mistakes that will represent you in a less-than-desirable light—which can potentially cost you a job or put you in an embarrassing social situation. Avoiding complicated grammar rules, Basic English For Dummies sticks to the basics and makes it easy to get up and running on what you need to know to partake in successful everyday communication, no matter your audience or medium. Inside, you'll find plenty of examples and exercises, guidance on how to structure sentences to make yourself easily understood, and so much more. In no time, you'll leave the "me or I?" debate at the door and speak and write confidently and correctly. Plus, you'll expand your vocabulary, find the right tone and style you want to convey in your communication, and avoid common English language pitfalls. Includes quizzes and self-tests Provides guidance on composing letters, emails, texts, and phone calls Explains in plain English how to improve your English skills Gives you instruction and exercises on putting your skills to practice right away If English is your first language, but you missed or have forgotten the nuances that were taught in school, Basic English For Dummies is your go-to guide. It is also ideal for those learning English as a second language.

The Way of The Linguist. A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

"Essential Elements of English Grammar" with Answer Key An informative and easy to use grammar book for intermediate to advanced students of English. ENGLISH GRAMMAR FOR STUDENTS OF SPANISH explains the grammatical terms that are in Spanish textbooks and shows students how they relate to English grammar. Once students have understood the terms and concepts in their own language, it is easier for them to understand their textbook. With simple explanations and numerous examples, this brief handbook compares English and Spanish grammar and points out the similarities and differences.

Whether you're a native English speaker or not, you've most likely realized that English is a tricky language. Almost every grammar rule has variations and exceptions, which make the language confusing and challenging. The good news is that English instructor Sitara Maruf has now put her original curriculum into an easy-to-use guide, so you can independently study and strengthen your grammar. She uses familiar examples from daily life and explains grammar rules and concepts, one topic at a time. She also points to variations and exceptions and how to avoid common mistakes. s Which article can be used before a noncount noun? s Which verb tenses do not need helping verbs? s How is a comma used with quotation marks? From parts of speech and articles to capitalization and punctuation, she also clears up trouble spots, to help you understand, apply, and remember the rules. Moreover, there are worksheets, quizzes, and answers to test your new knowledge. Once you have satisfied your intellectual curiosity, this guide will serve as a future reference and a supplement for English and writing courses. Today, begin your journey toward achieving a greater command of English grammar and increasing your confidence in speaking and writing English.
