Etymology Containing Latin Greek Derivatives

Jesus (IPA: / ? dʒ i ? z ? s /) is a masculine given name derived from the name I?sous (Greek: ??????), the Greek form of the Hebrew name Yeshua or Y'shua (Hebrew: ???? ?). As its roots lie in the name Yeshua/Y'shua, it is etymologically related to another biblical name, Joshua. "Jesus" is usually not used as a given name in the English-speaking world, while its counterparts ...

etymology containing latin greek derivatives with a key giving at the best online prices at ebay free shipping for many products this data is provided as an additional tool in helping to ensure edition identification a manual of etymology containing latin greek derivatives with a key giving the prefix root and suffix volume 3 of the model word

Excerpt from A Manual of Etymology: Containing Latin and Greek Derivatives, With a Key, Giving the Prefix, Root, and Suffix The Manual of Etymology has been prepared in response to a demand for an advanced work, based on the same principles and presenting the same features as the Model Etymology. The work is progressive, and is specially adapted to use in the class-room. Commencing with affixes, it carries the pupil, by easy gradations, through the Latin derivatives, each word being illustrated by a sentence containing some historical, scientific, or interesting fact. In preparing Part III., which treats of Greek roots and derivatives, it has been the aim of the author to remove those obstacles which long experience in teaching has shown to exist. Each division of the subject ends with a Review. The Key Is a valuable feature of the work. It analyzes every word about which a doubt could arise, and gives not only the prefix and root, but also that most difficult part, the suffix. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work.This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
