You are "Ungettable" you just don't know it yet. Chris Seiter's "Ungettable" delivers a unique perspective on why men are attracted to women they can't have. If you're going through a devastating break up or you're tired of wasting your time dating when it seems like all the good guys are always taken, "Ungettable" will teach you the principles that can make a man put you on a pedestal. It will show you how you can make that ex come crawling back and finally win at the game of dating. Gone are the days of,

- Men JUST looking for hookups-
- Having an ex ignore you-
- Being stood up or ghosted after things seemed to

be going so well. - Worrying that you can't compare to "the other woman"- Feeling like you're not good enough for a man- Not knowing what to say to an ex- Feeling like things "won't work" for you- Having the right guys never picking you- Being friends with benefits- Not feeling "the spark" or "chemistry" with your partners

James Patterson presents this emotionally resonant novel that shows that while some broken things can't be put back exactly the way they were, they can be repaired and made even stronger. Kira's Twelve Steps To A Normal Life

1. Accept Grams is gone
2. Learn to forgive Dad
3. Steal back ex-boyfriend from best friend...

And somewhere between 1 and 12, realize that when your parent's an alcoholic, there's no such thing as "normal."

When Kira's father enters rehab, she's forced to leave everything behind -- her home, her best friends, her boyfriend...everything she loves. Now her father's sober (again) and Kira is returning home, determined to get her life back to normal...exactly as it was before she was sent away. But is that what Kira really wants? Life, love, and loss come crashing together in this visceral, heartfelt story by BuzzFeed writer Farrah Penn about a girl who struggles to piece together the shards of her once-normal life before his alcoholism tore it apart.

Healthy sexuality within the context of recovery is rarely talked about openly, in part because the larger culture restricts the space required to name our experiences in open, honest ways. Matesa gives us that space by

bringing the language of recovery to this more hidden part of our healing, allowing us to truly “practice these principles in all our affairs.” Sexuality in the context of recovery is rarely talked about openly, in part because our broader culture may inhibit us from sharing our true experiences. For some, the prospect of sober sex feels like uncharted waters—in the past, we’ve rarely had sex without first numbing ourselves with drugs and alcohol. What does it mean to have an intimate relationship in sobriety? Exploring that question deepens our recovery journey. With this groundbreaking work, Jennifer Matesa uncovers the challenges real people encounter when they start taking their clothes off—without drinking or using in order to do so. Providing readers “a meeting between the covers,” Matesa

blends first-person accounts bravely shared by diverse members of the recovery community, insights from experts, and her own perspectives. The result is a book that creates a space for a vital, new dialogue about sexuality and intimacy. As we find a common language for this more hidden aspect of our healing, we can truly “practice these principles in all our affairs.”

Lacy Johnson's rich and poetic memoir, *The Other Side*, chronicles her brutal kidnapping and imprisonment at the hands of an ex-boyfriend, her dramatic escape, and her hard-fought struggle to recover. Lacy Johnson bangs on the glass doors of a sleepy local police station in the middle of the night. Her feet are bare; her body is bruised and bloody; U-bolts dangle from her wrists. She has escaped, but not unscathed. *The Other Side* is the haunting account of

a first passionate and then abusive relationship; the events leading to Johnson's kidnapping, rape, and imprisonment; her dramatic escape; and her hard-fought struggle to recover. At once thrilling, terrifying, harrowing, and hopeful, *The Other Side* offers more than just a true crime record. In language both stark and poetic, Johnson weaves together a richly personal narrative with police and FBI reports, psychological records, and neurological experiments, delivering a raw and unforgettable story of trauma and transformation.

Across three generations, three wars, two continents, and the mythic waters of the Mediterranean, one family's history leads to an inevitable question: What price do our descendants pay for the choices that we make? Naïma

knows Algeria only by the artifacts she encounters in her grandparents' tiny apartment in Normandy: the language her grandmother speaks but Naïma can't understand, the food her grandmother cooks, and the precious things her grandmother carried when they fled. Naïma's father claims to remember nothing; he has made himself French. Her grandfather died before he could tell her his side of the story. But now Naïma will travel to Algeria to see for herself what was left behind—including their secrets. The Algerian War for Independence sent Naïma's grandfather on a journey of his own, from wealthy olive grove owner and respected veteran of the First World War, to refugee spurned as a harki by his fellow Algerians in the transit camps of southern France, to immigrant barely scratching out a

living in the north. The long battle against colonial rule broke apart communities, opened deep rifts within families, and saw the whims of those in even temporary power instantly overturn the lives of ordinary people. Where does Naïma's family fit into this history? How do they fit into France's future? Alice Zeniter's *The Art of Losing* is a powerful, moving family novel that spans three generations across seventy years and two shores of the Mediterranean Sea. It is a resonant people's history of Algeria and its diaspora. It is a story of how we carry on in the face of loss: loss of country, identity, language, connection. Most of all, it is an immersive, riveting excavation of the inescapable legacies of colonialism, immigration, family, and war.
