Directed by Steven C. Miller. With Jonathan Bennett, Talulah Riley, Rosa Salazar, Samuel Hunt. A young woman and her friends, who've been targeted by kidnappers, must do everything they can to survive after their limo is forced off the road and plunged into a canal.

Organized in three sections, Submerge explores immersion in and release from trauma, mental illness, and loss. Part one, “Immerse,” reflects on birth and beginnings while exploring themes of love, self-discovery, and cultural history. Part two, “Drown,” examines mental illness, trauma, and loss. Part three, “Emerge,” takes lessons from water and begins a journey toward healing through self-care and gratitude. Throughout the collection, Robinson’s disarming candor, vivid imagery, and supportive message inspire and empower.

Between 1941 and 1945, thousands of German Jews, in fear for their lives, made the choice to flee their impending deportations and live submerged in the shadows of the Nazi capital. Drawing on a wealth of archival evidence and interviews with survivors, this book reconstructs the daily lives of Jews who stayed in Berlin during the war years. Contrary to the received wisdom that “hidden” Jews stayed in attics and cellars and had minimal contact with the outside world, the author reveals a cohort of remarkable individuals who were constantly on the move and actively fought to ensure their own survival.

'Luke Gamble is a West Country treasure. Like Dr Doolittle, but real!' MARTIN CLUNES Fresh out of university, vet Luke Gamble joined a mixed practice in Dorset, run by the stern but benevolent Mr Spotswode. He found himself quickly thrust into the real world of veterinary medicine: truculent farmers, out-of-hours surgery, nasty biting squirrels, operating on frog's eyeballs and some of the harsher facts of farming life, like dealing with a tragic outbreak of foot and mouth. Luke dreams of setting up his own practice, and finding his place in the big wild world. These dreams, however, are never quite as straightforward as they may seem. In the first instalment of his memoir, the young vet not only learns much about his trade, but also learns a lot about himself, along the way developing a group of close friends, both animal and human. The most important of these is Cordelia - the woman of his dreams - and his quest to win her heart is a marathon. Warm-hearted, witty and full of weird and wonderful tales, The Vet is the perfect read for animal lovers.

Lia and Clay’s love has broken the Little Mermaid’s curse, but their ever after may not be as happy as they planned. Lia is adamant about staying on land with Clay for her senior year despite her family’s opportunity to move to the new, sparkling capital city below the waves. Before any decision about the future can be made, her family must endure Melusine and her father’s trial, where new revelations will have far-reaching consequences that threaten what Lia holds most dear. The verdict will shake Lia’s whole world, calling into question her future with Clay, her feelings for Caspian, and the fate of all Merkind. As she wonders whom to trust, Lia sets out on a treacherous path that will lead her away from her sheltered Malibu home to a remote and mysterious school for Mermaids–Mermaids who may hold the secret to ancient magic Lia can use to either get back all she’s lost or embark on a thrilling and dangerous journey where only she can define her fate.

"Here is Captain Beach's firsthand account of the thirty-six-thousand-nautical-mile voyage whose records for speed and endurance still stand today. It brings to life the many tense events in the historic journey: the malfunction of the fathometer, an instrument essential to locating undersea mountains and shallow waters; the agonizing illness of a senior petty officer; and the serious problem that suddenly overtook the ship's main hydraulic oil system. But with the stress came frequent moments of humor and poignancy, which, as described by Beach, make readers feel as if they had been along on the ride of a lifetime."--BOOK JACKET.

Imagine... It's Thursday, December 4, 1941. You've just started a welding job at a secret facility inside a mountain on Oahu. As you leave the tunnel entrance on the seventh, you see Japanese torpedo planes, followed by bombers, fly by about level with you. They are diving down to attack US warships at Pearl Harbor. You are a reporter in a Blackhawk helicopter flying toward Mogadishu, Somalia. Smoke is observed from another downed helicopter, so the pilot and crew drop you off and proceed to assist the other aircraft. This same helicopter you exited is shot down—with no survivors—just a short time later. Helping others as a corpsman in Korea, you are under intense enemy fire while attending to wounded comrades. For your effort you are awarded the Congressional Medal of Honor by president Dwight D. Eisenhower. My Friends & Heroes: One Veteran's Quest to Share America's Living History relates the true stories of men and women who have served our country in times of crisis. Weaving together a fabric of living history, the result of many one-on-one interviews, author Allen F. Hooker seeks to honor and record these heroes' tales, representing the millions of others to whom Americans owe a debt of gratitude.
