Peking ceded Formosa to
Japan in 1895, whereupon
Japan became the first Asian
power in modern times to

Harry A possess a colony, and the island became a testing ground for imperial policies. For two centuries the Formosan Chinese had resisted authority imposed upon them by inefficient continental Chinese. Now,

at the end of World War II,
Formosans expected to
conserve and enhance gains
made during the Japanese
era. Bitter disappointment
promptly led again to
rebellious relations with
the continent. The author,

Harry A. Franck, a long resident in Formosa and exclusively concerned with Formosan affairs while in government service during and after World War II, is well qualified to comment upon Formosa's history and prospects. He concludes that

the Japanese era left an ineradicable mark upon the island people, an understanding of which will illuminate developments when Peking later undertakes the formidable task of converting Formosa into a

fully disciplined and

People's Republic of China.

This volume of Leuven
Chinese Studies intends to
tackle two problems. The
first is the historical

Download Free Glimpses Japan Formosa Franck

framework of imperialism -
until now widely applied by
Western and Chinese scholars
as an approach to the
Christian evangelization
movement in China. The
theological aspect of the
missionary action is seldom

Download Free Glimpses Japan Formosa Franck

Henry A taken into account, nor is religion treated as an authentic human experience. In this volume two authors try to place the position of the Christian mission in its broader sociopolitical context. Scott Sommers

Download Free Glimpses Japan Formosa Franck

reflects on the changing
image of the Japanese
occupation in Taiwan, based
on protestant missionary
sources; Koen De Ridder
discusses the early
diplomatic contacts between
China and Belgium and the

position of the Belgian missionaries. A second problem dealt with in this book is that of the native Christians. While Jessie Lutz attempts to sketch a profile of the Chinese protestant evangelizers,

Download Free Glimpses Japan Formosa Franck

Henry A. Wiest focuses his attention on the Roman Catholics among the Chinese Hakka minority. Gary Tiedemann explains the material, spiritual and political incentives for conversion among the

inhabitants of North China,
paying special attention to
the socio-political profile
of the converts. In the
contribution of Ann Heylen
we return to Taiwan, where
we are offered a better
understanding of the

Protestant contribution to the study of the Min language. Finally, Karel Steenbrink describes the changing religious affiliation of assimilated Chinese in Indonesia during the period 1900-1942.
