A mysterious Druid book and Helen's sixth sense send her to Scotland in search of a missing boy. After being attacked by strange men dressed in medieval garb, a handsome, desirable hero answering to the boy's name rescues her. No one is more surprised than she to find herself in sixteenth century Scotland. Unable to deny the reality of time travel, Helen discovers smoldering passion with a man destined to leave her. Simon has lived his Druid life in two very different worlds, two vastly different times, and when Helen practically lands in his lap, he knows his life is about to change forever. There are enemies in California lying in wait for her, and an army in Scotland closing in on his family. Simon is the only person who can protect her. But when she learns his most guarded secret, will she still want him? Can Helen love a Highland Shifter?

Sibyl Blackthorne isn't afraid of anything—except maybe being sold into marriage to a man she doesn't love. A man she's never even met. A man who, by reputation, is one of Scotland's cruelest lairds in over a century. But what choice does she have, with her father dead and her uncle now married to his brother's widow, putting him in charge of not only the Blackthorne

fortune, but Sibyl's future as well? Then her betrothed turns out to actually be far worse than his reputation, so headstrong Sibyl decides life as a peasant, or even death, would be preferable to a future with such a despicable man, and makes plans to run away. On an organized hunt for wolves—or, as the Scots call them, wulvers—Sybil escapes her fiancé's clutches, only to find she's run into something far more untamed and dangerous in the middle of the woods. When a big, brawny, long-haired man, who only speaks to her in Gaelic and calls himself Raife, simply picks her up and carries her off with him into the Scottish wild, Sibyl knows she's in trouble. When he takes her to a place no human has ever been, she knows she's gone over the edge. And when he, at last, marks her as his own, she discovers that only one wild heart can claim another.

And when they discover an all-consuming passion, they must make the ultimate sacrifice for eternal love. . . "Laird of Midnight" by Victoria Dahl For fifty years, Finlay Maclain has hunted the vampire clan who murdered his family and made him one of them. Now, he's sitting in a tavern, waiting for the last vampire he must kill. But a beautiful wench is distracting him beyond reason--and all he can think of is teasing her until she begs him to take her again and again. . .

He Guards a Ferocious Secret In Victorian England, gossip is often as precious as gold. But the Highlanders are a more mysterious bunch. And if anyone found out that Stephen MacAlasdair really was, he'd be hunted down, murdered, his clan wiped out. As he's called to London on business, he'll have to be extra vigilant--especially between sunset and the appearance of the first evening star. Mina just wanted to find out more about the arrogant man who showed up in her employer's office. Some might say it was part of her job.
