This AP Human Geography companion is filled with vocab and assignments that follow the de Blij text throughout the year, chapter-by-chapter. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be done as homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers started putting the majority of their content online, it opened a niche for traditional paper assignments, a void this series fills. Whether the text itself is written in ink or electrons, students still need to write and keep a notebook for themselves, and portfolios still matter. These activities challenge students to apply the concepts and give examples, diagramming each chapter as it comes.
