Warning: This book contains explicit language and explosive sex. It is an adult romance and not intended for anyone under the age of 18. Liam Christianson is the devil-may-care, rhythm guitarist for Bayou Stix, the hottest rock band around. He's a playboy and likes to do things his way. No regrets. He knows that women love him, and he uses that to his advantage. He's cocky and shallow. Or so it seems. Clove Rodrigue is the baby sister of Liam's bandmate and friend. She's a sweet, fairly innocent young woman who was dealt a bad hand and became a victim of circumstance. After finishing culinary school, she returns home to Baton Rouge. She finds herself living under the same roof as Liam and they quickly realize they are like oil and water. He hates how perfect she is, and she can't stand his treatment of women. Both Liam and Clove are accustomed to letting others see only what they want them to see, each hiding behind false pretenses. What happens when polar opposites realize that their hatred of one another is really attraction? Will they succumb to the allure? What happens when the things that you fight so hard against are the very things you need the most in the world?

"Wyland is a marine life Michelangelo." –USA Today * Premier marine life artist Wyland—whose galleries are visited by more than five million people each year—offers a photographic tribute to the bond between mother and child. Easily the world's most recognizable and influential marine life artist, Wyland pairs his emotive photography of mother sea lions and their pups with a touching narrative by Steve Crech. * Imparting a warm homage to Mom, Swimming Lessons also provides a greater lesson about the commonalities shared by all momkind. After all, who knew mother sea lions went grocery shopping and gave swimming lessons? * Important numbers: Wyland's mural projects can be found in 70 cities throughout four continents. * There are more than 40 Wyland galleries worldwide. * Notable: Wyland stars in the new Animal Planet show Wyland: A Brush with Giants.

Witty and heartfelt, clear-sighted and irreverent, Poser is the book that sane, sensible and intelligent mothers around the world have been waiting for.

People buy more and buy more happily when in good humor. Understanding humor and being able to effectively use it for your sales and persuasion purposes is a powerful advantage—for any speaker, salesman or writer." Drawn from 30 years' experience as a popular professional speaker, author of 13 books, columnist and advertising copywriter, Dan Kennedy looks at humor as an instrument of persuasion and influence. Anyone—amateur—or pro—who must stand and deliver speeches, seminars, group sales presentations, serve as toastmaster, or write advertisements, sales letters or newsletters will find fodder here, to be faster on their feet, more confident and adept at being funny with a purpose. The book contains thoughtful insight but also simple shortcuts. Reading it, you'll get a better appreciation for the humor around you and humor professionals who entertain you, and you'll exit stage left with humor strategies and tricks you can use. Even if you're not all that funny. Note: this book contains adult material and may not be suitable for minors. Or for the easily offended. From the author. . .! first titled this book "Mugging for Fun and Profit," but then thought better of it. Reminds me of Napoleon Hill being threatened by his publisher with the title 'Use Your Noodle To Get The Boogie,' which Hill transformed to 'Think And Grow Rich.' Overnight. The power of a deadline and desperation. And one of the all-time bestselling books on the subject of success the result. Anyway, unless you are just doing to hit 'em over the head and drag them out into the desert to empty their pockets, I'd suggest, you need to know how to make 'em laugh.

Includes stories that show how people of various ages, income levels, and expertise can find meaning and significance in their lives, wherever they are. This title helps readers to learn how to establish meaning through daily service in their own lives.

A groundbreaking new history, telling the stories of hundreds of African-American activists and officeholders who risked their lives for equality-in the face of murderous violence-in the years after the Civil War. By 1870, just five years after Confederate surrender and thirteen years after the Dred Scott decision ruled blacks ineligible for citizenship, Congressional action had ended slavery and given the vote to black men. That same year, Hiram Revels and Joseph Hayne Rainey became the first African-American U.S. senator and congressman respectively. In South Carolina, only twenty years after the death of arch-secessionist John C. Calhoun, a black man, Jasper J. Wright, took a seat on the state's Supreme Court. Not even the most optimistic abolitionists thought such milestones would occur in their lifetimes. The brief years of Reconstruction marked the United States' most progressive moment prior to the civil rights movement. Previous histories of Reconstruction have focused on Washington politics. But in this sweeping, prodigiously researched narrative, Douglas Egerton brings a much bigger, even more dramatic story into view, exploring state and local politics and tracing the struggles of some fifteen hundred African-American officeholders, in both the North and South, who fought entrenched white resistance. Tragically, their movement was met by ruthless violence-not just riotous mobs, but also targeted assassination. With stark evidence, Egerton shows that Reconstruction, often cast as a "failure" or a doomed experiment, was rolled back by murderous force. The Wars of Reconstruction is a major and provocative contribution to American history.

Your plain-English guide to Judaism Whether you're interested in the religion or the spirituality, the culture or the ethnic traditions, Judaism For Dummies explores the full spectrum of Judaism, dipping into the mystical, meditative, and spiritual depth of the faith and the practice. In this warm and welcoming book, you'll find coverage of: Orthodox Jews and breakaway denominations; Judaism as a daily practice: the food and fabric of Judaism; Jewish wedding ceremonies, celebrations and holy days; 4,000 years of pain, sadness, triumph, and joy; great Jewish thinkers and historical celebrities; and much more. Updates to the "recent history" section with discussions of what has happened in the first decade of the twenty-first century includes: the expansion of orthodox political power in Israel, expansion of interfaith work; unfortunate recent anti-Semitic events; and other news Expanded coverage of Jewish mysticism and meditation, which has become increasingly popular in recent years New coverage on Jewish views of morality, including birth control, homosexuality, and environmental concerns Revised recipes for traditional Jewish cooking, updated key vocabulary, and Yiddish phrases everyone should know Jews have long spread out to the corners of the world, so there are significant Jewish communities on many continents. Judaism For Dummies offers a glimpse into the rituals, ideas, and terms that are woven into the history and everyday lives of Jewish people as near as our own neighborhoods and as far-reaching as across the world. Judaism For Dummies (9781119643074) was previously published as Judaism For Dummies (9781118407516). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product.

Covers accessible literature on wetland economics, both methodological and empirical, on delineation issues, and on wetland restoration economics.

Ready to take your IT skills to the healthcare industry? This concise book provides a candid assessment of the US healthcare system as it ramps up its use of electronic health records (EHRs) and other forms of IT to comply with the government's Meaningful Use requirements. It's a tremendous opportunity for tens of thousands of IT professionals, but it's also a huge challenge: the program requires a complete makeover of archaic records systems, workflows, and other practices now in place. This book points out how hospitals and doctors' offices differ from other organizations that use IT, and explains what's necessary to bridge the gap between clinicians and IT staff. Get an overview of EHRs and the differences among medical settings Learn the variety of ways institutions deal with patients and medical staff, and how workflows vary Discover healthcare's dependence on paper records, and the problems involved in migrating them to digital documents Understand how providers charge for care, and how they get paid Explore how patients can use EHRs to participate in their own care Examine healthcare's most pressing problem—avoidable errors—and how EHRs can both help and exacerbate it.

The chronicles of THE WINTER OF THE WORLD echo down the ages in half-remembered myth and song - tales of mysterious powers of the Mastersmiths, of the forging of great weapons, of the subterranean kingdoms of the duergar, of Gods who walked abroad, and of the Powers that struggled endlessly for dominion. In the Northlands, beleaguered by the ever-encroaching Ice and the marauding Ekwesh, a young cowherd, Alv, saved from the raiders by the mysterious Mastersmith, discovers in himself an uncanny power to shape metal - but it is a power that may easily be turned to evil ends, and on a dreadful night Alv flees the Mastersmith, and embarks on the quest to find both his own destiny, and a weapon that will let him stand against the Power of the Ice.
