Civilization in the West blends social and political history with an exceptional map and image program to engage students and bring history to life. The authors tell a compelling story of Western Civilization that is enhanced by an image-based approach.

Civilization in the West blends social and political history with an exceptional map and image program to engage students and bring history to life. The authors tell a compelling story of Western Civilization that is enhanced by an image-based approach. "The Visual Record" chapter opens draw students in by using illustrations that underscore a dominant theme of the chapter. New "Image Discovery" features guide students to interrogate images, understand their contexts, and unpack their multiple meanings. The dramatic, changing contours of the West are explored through an exceptional map program, through Map Discovery features, and through Geographical Tours of Europe.

Read the voices of the past to connect with the present. Kishlansky presents a well-balanced selection of readings that integrate coverage of social, economic, religious and cultural history within a traditional, political framework. Sources of the West includes documents on political theory, philosophy, imaginative literature and social history as well as constitutional documents, all of which raise significant issues for classroom discussions or lectures. By reading the voices of the past, readers can connect them to the present and learn to understand and respect other cultures while thinking critically about history. This reader, edited by well-known author Mark Kishlansky, includes a diversity of historical documents from world and western history designed to supplement textbooks and lectures in the teaching of world civilizations. It is an ideal complement to *WORLD HISTORY, Second Edition* by Duiker/Spielvogel; *WORLD HISTORY, Second Edition* by Upshur et al; and *WORLD HISTORY, Fifth Edition* by Adler. This reader provides a balance of constitutional documents, political theory, philosophy, imaginative literature, and social description.

Civilization in the West blends social and political history with an exceptional map and image program to engage students and bring history to life. The authors tell a compelling story of Western Civilization that is enhanced by an image-based approach. "The Visual Record" chapter opens draw students in by using illustrations that underscore a dominant theme of the chapter. New "Image Discovery" features guide students to interrogate images, understand their contexts, and unpack their multiple meanings. The dramatic, changing contours of the West are explored through an exceptional map program, through Map Discovery features, and through Geographical Tours of Europe.

Edited by Mark Kishlansky, this reader is designed to supplement world civilization textbooks and lectures with a rich array of primary source materials. These materials include constitutional documents, political theory, philosophy, imaginative literature, and social description. Opting for longer selections that allow students to gain a deeper sense of authors and their texts, the editor has chosen each selection because of its ability to raise a significant issue around which classroom discussions or lectures can evolve. This reader contains works that are representative of major civilization complexes (Africa, Asia, Latin America, the Islamic world, and Western civilization). It is an ideal complement to Adler, *WORLD CIVILIZATIONS, Third Edition*; Upshur et al., *WORLD HISTORY, Fourth Edition*; Duiker/Spielvogel, *THE ESSENTIAL WORLD HISTORY*; and Duiker/Spielvogel, *WORLD HISTORY, Third Edition*.
