Target Leaders are more than leaders; they inspire others to achieve personal excellence.

Argues that knowing and understanding customers' needs will improve sales and will build a trusting relationship between buyer and seller.

Based on lessons from a distinguished twenty-year leadership career, The Navigator's Handbook: 101 Leadership Lessons for Work & Life is a collection of observations and personal experiences that explore the common denominators of truly great leaders. Using a combination of personal reflection, story telling, and consulting case studies, author David A. O'Brien explores some of leadership's most pressing challenges, including: Employee Engagement, Organizational Change, Leadership Communication, Development Coaching, Career Management, and Employee Satisfaction. It presents proven processes and methodologies for helping leaders turn these challenges into opportunities for peak performance. Full of fresh ideas, interesting stories, and first-hand accounts from the corner office, The Navigator's Handbook is an action-oriented and practical guide for helping leaders bring out the best in themselves and their teams.

What is a rubric? A rubric is a coherent set of criteria for student work that describes levels of performance quality. Sounds simple enough, right? Unfortunately, rubrics are commonly misunderstood and misused. The good news is that when rubrics are created and used correctly, they are strong tools that support and enhance classroom instruction and student learning. In this comprehensive guide, author Susan M. Brookhart identifies two essential components of effective rubrics: (1) criteria that relate to the learning (not the "tasks") that students are being asked to demonstrate and (2) clear descriptions of performance across a continuum of quality. She outlines the difference between various kinds of rubrics (for example, general versus task-specific, and analytic versus holistic), explains when using each type of rubric is appropriate, and highlights examples from all grade levels and assorted content areas. In addition, Brookhart addresses " Common misconceptions about rubrics;" Important differences between rubrics and other assessment tools such as checklists and rating scales, and when such alternatives can be useful; and " How to use rubrics for formative assessment and grading, including standards-based grading and report card grades. Intended for educators who are already familiar with rubrics as well as those who are not, this book is a complete resource for writing effective rubrics and for choosing wisely from among the many rubrics that are available on the Internet and from other sources. And it makes the case that rubrics, when used appropriately, can improve outcomes by helping teachers teach and helping students learn.

Community Hospital East (CHE) was the founding hospital of Community Health Network in Indiana. Beginning in the mid-1950s, CHE expressed the community spirit of eastern Indianapolis and Marion County. The story of CHE is the story of caregivers who answered the call of their neighbors, quickly becoming a leader in health-care and civic engagement. The history of CHE is one of passion, inspiration, courage, and commitment to excellence that changed the life of a community and its people.

This book is great required reading for anyone who desires to learn how to be a more effective leader. It is intended to inspire, provide vital how-to's, and to shape the mindset for building and retaining a highly effective team, committed and dedicated to achieving the key priorities of the organization. In a clever, practical style, The Leadership Book of Numbers (Volume 2) will help you resolve these dilemmas and many others: ¶ What is my role as a leader in creating and sustaining a culture of service excellence? ¶ What are the seven signs of a bad boss, and how do I overcome them? ¶ How do I hold my staff accountable for driving excellence? ¶ How can I drive excellence with I am working with a lean staff? ¶ How do I gain the support of my C-Level and earn their respect? ¶ How do I engage my staff to anticipate the unexpressed wishes and needs of the customer? ¶ How do I confront unacceptable behavior with confidence, professionalism, and finesse? ¶ How do I foster an environment where the focus on internal customer service is as intense as our emphasis on excellent external customer service? ¶ As a leader, what are some common things I should never assume or take for granted? ¶ How do I foster an environment where employees are empowered to resolve customer problems and exceed their expectations? ¶ What is the key to creating a memorable experience for every customer? ¶ Theo has spent a decade working with organizations to implement effective leadership practices that lead to employee self-accountability, self-motivation, and self-worth.
