In writing this textbook, Mankiw has tried to put himself in the position of someone seeing economics for the first time. The author's conversational writing style is superb for presenting the politics and science of economic theories to tomorrow's decision-makers. Because Mankiw wrote it for the students, the book stands out among all other principle texts by intriguing students to apply an economic way of thinking in their daily lives. Receiving such praise as "perhaps the best ever" textbook in economic principles, it's no wonder Mankiw's prize project has quickly become one of the most successful books ever to be published in the college marketplace.

Baye's Managerial Economics and Business Strategy is one of the best-selling managerial economics textbooks. It is the first textbook to blend tools from intermediate microeconomics, game theory, and industrial organization for a managerial economics text. Baye is known for its balanced coverage of traditional and modern topics, and the fourth edition continues to offer the diverse managerial economics marketplace a flexible and up-to-date textbook. Baye offers coverage of frontier research in his new chapter on advanced topics. The Fourth Edition also offers completely new problem material, data, and much more.

David R. Hakes (University of Northern Iowa) has prepared a study guide that will enhance your success. Each chapter of the study guide includes learning objectives, a description of the chapter's context and purpose, a chapter review, key terms and definitions, advanced critical-thinking questions, and helpful hints for understanding difficult concepts. You can develop your understanding of the material by doing the practice problems and answering the short-answer questions. Then you can assess your mastery of the key concepts with the self-test, which includes true/false and multiple-choice questions.
