Through the study of this method you will quickly master the fingerpicking technique. It is not a simple exposition of tedious exercises but rather a course of interest and learning. It will guide you through a step by step process that will allow the execution of complete songs of average technical difficulty. Is not important that you have a high level of ability at the start. The book is designed so that even absolute beginners can learn from using it. Every aspect of the technique is explained in detail and all the fingerings and techniques used are clearly indicated. The book is divided into three levels of increasing difficulty: - The first level is for absolute beginners and in it are numerous combinations of fingerings for the right hand. - The second level introduces new incremental technical difficulties and the first simple complete songs. - In the third level some intermediate guitar techniques are explained with some songs using these techniques. The method is completely written in tablature to be readily accessible to all students, many of whom can not read music. The use of tablature will allow everyone to play the music and do the exercises very quickly. Not only beginners but also intermediate level guitarists can find, especially in the second and third levels, exercises and songs useful to refine the technique of alternating bass. Once you have completed the book you will have acquired the basic technical skills needed to approach the study of advanced level songs

Il Six Sigma è uno dei sistemi più efficaci per raggiungere l'operational excellence, che ha trasformato la gestione della qualità in un inesauribile centro di profitto per aziende grazie al miglioramento ed innovazione dei processi. Questo manuale completa quanto già affrontato nel precedente e complementare manuale Six Sigma per le Green Belt, presentando il Six Sigma come un modello organico di Change Management. La dotazione tecnica necessaria per raggiungere il livello di preparazione tipico delle Black Belt viene arricchita con strumenti di programma e Project Management, advanced root cause analysis, valutazione finanziaria, analisi quantitativa e statistica fino a toccare temi di leadership e soft skills. A compendio della trattazione teorica, vengono presentati alcuni casi aziendali particolarmente interessanti per complessità di implementazione e vastità dei risultati. Per la completezza dei temi ed il livello di approfondimento, il presente manuale è un valido supporto per contenimento della certificazione Black Belt.
