Mitsubishi Delica L300 Models Van and truck variants were joined by the 9-seat Delica Star Wagon powered by a MCA-JET engine that complied with Japan's 1978 emission regulations. Subsequently, hi-roof variants of the van and wagon types were added in May 1980, while in September 1981, a wagon with automatic transmission joined the lineup.

Mitsubishi Delica - L300 | History, Design and Performance

The Mitsubishi Delica is a range of vans and pickup trucks designed and built by the Japanese automaker Mitsubishi since 1968. It was originally based on a cabover van and pickup truck introduced the previous year, also called the Delica, its name a contraction of the English language phrase Delivery car. This pickup truck, and a commercial van derived from it has received many names in export ...

The Delica L300 is an amazing vehicle with a superb four wheel drive system in it that I have loved since I bought it. They are now quite rare, and always attract attention, especially this one with these wheel arches on. This model has a really large electric sunroof which is great when you lay back on the bed and look up at the stars.

The L300 Mitsubishi Delica, however, does have some known issues. Most are based on the turbodiesel models, which are known to overheat, especially if drivers run them hard. This, because of the lack of power, can happen fairly easily. Overheating causes the cylinder heads to crack, and head gaskets to fail, requiring extensive engine repair.

Is the Earliest Mitsubishi Delica the Best?

Mitsubishi star wagons are now available for the North American outdoor community to enjoy. These minivans are equipped with many unique options that are necessary for any nature lover. With a super reliable, durable, and economical turbo Diesel engine, four-wheel drive with two speed transfer case, and room for 7 to 8 people, this van is capable of navigating even the toughest terrain.

A photography book celebrating the nomadic lifestyle and community of vanlife through interviews, essential advice for living on the road,

and more than 200 photos of tiny rolling homes. Inspired by the blog and Instagram account, *Vanlife Diaries* is an inspiring and detailed look into the world of the rolling homes built and occupied by a new generation of modern nomads: a range of professionals and creatives who have ditched conventional houses for the freedom of the road and the beauty of the outdoors. More than 200 photographs feature the vanlifers, their pets, and their converted vans and buses--VWs, Sprinters, Toyotas, and more--with the interiors uniquely customized and decorated for their work and hobbies, as well as the stunning natural locations that are the movement's inspiration. Interviews and narrative captions share the stories of these nomads and how they decided to pursue vanlife, and provide practical tips and inspiration for downsizing, finding and converting your vehicle, and working and living on the road.

Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The 1-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free

beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

Set in the near future world where all bees are extinct when 5 unconnected people from varying parts of world are each stung. Their experience unites them in ways they could not have imagined.

Being a gearhead matters. Much as we love reading about the latest hypercar or money-no-object custom project, we believe vehicles owned - and loved - by gearheads like us are just as meaningful, if not moreso. Our readers are self-made. We buy vehicles for specific reasons and we learn how to maintain, modify, and repair them ourselves. (With a little help from our friends, of course!) Everyone you meet in an issue of Gearbox Magazine is cool. If you spotted them in a parking lot, you could walk right up to them and strike up a conversation. And chances are you might end up lifelong friends. We're not looking to get rich and forget our roots. We're trying to make a few bucks so we can spend more time helping gearheads build high
