Andrew Roberts's Napoleon is the first one-volume biography to take advantage of the recent publication of Napoleon's thirty-three thousand letters, which radically transform our understanding of his character and motivation. At last we see him as he was: protean multitasker, decisive, surprisingly willing to forgive his enemies and his errant wife Josephine.

## **Napoleon Life Roberts Andrew Viking**

Andrew Roberts opines on the nature and secrets of leadership in this beautifully written book. He details the lives of Napoleon, Nelson, Churchill, Stalin, Hitler, Eisenhower, Marshall, De Gaulle and Thatcher and draws important conclusions regarding the traits and characteristics of leadership.

Draws on the recent publication of thousands of Napoleon's letters to share new insights into his character, motivations, and relationships.

A comparison of nine leaders who led their nations through the greatest wars the world has ever seen and whose unique strengths—and weaknesses—shaped the course of human history, from the bestselling, award-winning author of Churchill and Napoleon “Has the enjoyable feel of a lively dinner table conversation with an opinionated guest.” —The New York Times Book Review Taking us from the French Revolution to the Cold War, Andrew Roberts presents a bracingly honest and deeply insightful

look at nine major figures in modern history: Napoleon Bonaparte, Horatio Nelson, Winston Churchill, Adolf Hitler, Joseph Stalin, George C. Marshall, Charles de Gaulle, Dwight D. Eisenhower, and Margaret Thatcher. Each of these leaders fundamentally shaped the outcome of the war in which their nation was embroiled. Is war leadership unique, or did these leaders have something in common, traits and techniques that transcend time and place and can be applied to the essential nature of conflict? Meticulously researched and compellingly written, *Leadership in War* presents readers with fresh, complex portraits of leaders who approached war with different tactics and weapons, but with the common goal of success in the face of battle. Both inspiring and cautionary, these portraits offer important lessons on leadership in times of struggle, unease, and discord. With his trademark verve and incisive observation, Roberts reveals the qualities that doom even the most promising leaders to failure, as well as the traits that lead to victory.

'A Napoleonic triumph of a book, irresistibly galloping with the momentum of a cavalry charge' Simon Sebag Montefiore 'Simply dynamite' Bernard Cornwell From Andrew Roberts, author of the bestsellers *The Storm of War* and *Churchill: Walking with Destiny*, this is the definitive modern biography of Napoleon. It has become all too common for Napoleon Bonaparte's biographers to approach him as a figure to be reviled, bent on world domination, practically a proto-Hitler. Here, after years of study extending even to visits paid to St Helena and 53 of Napoleon's 56 battlefields, Andrew Roberts has created a true portrait of the mind, the life, and the military and above all political genius of a fundamentally constructive ruler. This is the Napoleon, Roberts reminds us, whose peacetime activity produced countless indispensable civic innovations - and whose Napoleonic Code provided the blueprint for civil law systems still in use around the world today. It is one of the greatest lives in world history,

which here has found its ideal biographer. The sheer enjoyment which this book will give anyone who loves history is enormous.

Wolfram Siemann tells a new story of Clemens von Metternich, the Austrian at the center of nineteenth-century European diplomacy. Known as a conservative and an uncompromising practitioner of realpolitik, in fact Metternich accommodated new ideas of liberalism and nationalism insofar as they served the goal of peace. And he promoted reform at home.

Explores the relationship between the French emperor Napoleon Bonaparte and the Duke of Wellington prior to and in the aftermath of the Battle of Waterloo, the most decisive battle of the nineteenth century.

"Roberts's populist approach makes for a rollicking good read and never comes at the expense of accuracy. His mastery of the huge variety of subjects is truly impressive and his ability to marshal these subjects into a single compelling narrative stunning." —The Daily Telegraph Hailed by The Economist as "Britain's finest military historian" for bestsellers such as *Masters and Commanders* and *Waterloo*, Andrew Roberts offers a magisterial new history of World War II and the Axis strategy that led the Germans and Japanese to their eventual defeat. Perfect for readers hoping to gain new insight into WWII's pivotal battles and campaigns, from Dunkirk to D-Day, *The Storm of War* is a powerful, penetrating, and compulsively readable examination of the causes, currents, and consequences of the Second World War.

Masters and Commanders describes how four titanic figures shaped the grand strategy of the West during the Second World War. Each was exceptionally tough-willed and strong minded, and each was certain that he knew best how to win the war. Yet each knew that he had to win at least two of the others over in order to get his strategy adopted. The book traces the mutual suspicion and admiration, the rebuffs and the charm, the often explosive disagreements and wary reconciliations which resulted.

Written with great energy and authority—and using the newly available personal archives of Napoleon himself—the first volume of a majestic two-part biography of the great French emperor and conqueror.
