Widely acclaimed as one of the finest books ever written on race and class divisions in America, this powerful novel reflects the forces of poverty, injustice, and hopelessness that continue to shape out society. Copyright © Libri GmbH. All rights reserved.

Right from the start, Bigger Thomas had been headed for jail. It could have been for assault or petty larceny; by chance, it was for murder and rape. Native Son tells the story of this young black man caught in a downward spiral after he kills a young white woman in a brief moment of panic. Set in Chicago in the 1930s, Wright's powerful novel is an unsparing reflection on the poverty and feelings of hopelessness experienced by people in inner cities across the country and of what it means to be black in America.

Trapped in the poverty-stricken ghetto of Chicago's South Side, a young African-American man finds release only in acts of violence.

Includes a brief biography of the author, thematic and structural analysis of the work, critical views, and an index of themes and ideas.

This is a collection of critical essays on Richard Wright's "Native Son" by Edwin Berry Burgum, Donald B. Gibson, James Nagel, Paul N. Siegel, James A. Miller, Charles Scruggs, and other writers.

A biography of the black author who died in 1960.

"The Man Who Lived Underground reminds us that any "greatest writers of the 20th century" list that doesn't start and end with Richard Wright is laughable. It might very well be Wright's most brilliantly crafted, and ominously foretelling, book." —Kiese Laymon A major literary event: an explosive, previously unpublished novel about race and violence in America by the legendary author of Native Son and Black Boy Fred Daniels, a Black man, is picked up by the police after a brutal double murder and tortured until he confesses to a crime he did not commit. After signing a confession, he escapes from custody and flees into the city's sewer system. This is the devastating premise of this scorching novel, a never-before-seen masterpiece by Richard Wright. Written between his landmark books Native Son (1940) and Black Boy (1945), at the height of his creative powers, it would see publication in Wright's lifetime only in drastically condensed and truncated form, and ultimately be included in the posthumous short story collection Eight Men (1961). Now, for the first time, by special arrangement with the author's estate, the full text of the work that meant more to Wright than any other ("I have never written anything in my life that stemmed more from sheer inspiration") is published in the form that he intended, complete with his companion essay, "Memories of My Grandmother." Malcolm Wright, the author's grandson, contributes an afterword.
