Our Numbered Days by Neil Hilborn | Audiobook | Audible.com

When you're dumb enough for long enough, you're gonna meet someone too smart to love you, and they're gonna love you anyway, and it's gonna go so poorly, Neil Hilborn writes in his debut full-length collection, OUR NUMBERED DAYS. In 2013, Hilborn's poem \"OCD\" went viral, and has amassed over 11 million views to date.

\"When you're dumb enough for long enough, you're gonna meet someone too smart to love you, and they're gonna love you anyway, and it's gonna go so poorly,\" Neil Hilborn writes in his debut full-length collection, OUR NUMBERED DAYS. In 2013, Hilborn's poem \"OCD\" went viral, and has amassed over 11 million views to date. While this collection ruminates on love, heartbreak, and mental illness, these poems are anything but saccharine. Hilborn uses the same humor and self-deprecation that propelled \"OCD\" to success in order to make his unmatched vulnerability all the more powerful. Ultimately, Hilborn is a poet of the people: his work is accessible, honest, and entertaining; a revitalizing entry in contemporary poetry.

Neil Hilborn's highly anticipated second collection of poems, The Future, invites readers to find comfort in hard nights and better days. Filled with nostalgia, love, heartbreak, and the author's signature wry examinations of mental health, this book helps explain what lives inside us, what we struggle to define. Written on the road over two years of touring, The Future is rugged, genuine, and relatable. Grabbing attention like gravity, Hilborn reminds readers that no matter how far away we get, we eventually all drift back together. These poems are fireworks for the numb. In the author's own words, The Future is a blue sky and a full tank of gas, and in it, we are alive.

Clatter is a chapbook by Neil Hilborn, produced in the aftermath of his severe concussion in a bicycle accident. Written in museums, ex-girlfriends' kitchens, and Mexico, the chapbook showcases Hilborn's breadth of style as well as his humor, and represents a unique glimpse into the writer's early work.

Phil Kaye's debut collection is a stunning tribute to growing up, and all of the challenges and celebrations of the passing of time, as jagged as it may be. Kaye takes the reader on a journey from a complex but iridescent childhood, drawing them into adolescence, and finally on to adulthood. There are first kisses, lost friendships, hair blowing in the wind while driving the vastness of an empty road, and the author positioned in the middle, trying to make sense of it all. Readers will find joy and vulnerability, in equal measure. Date & Time is a welcoming story, which freezes the calendar and allows us all to live in our best moments.

Singer's highly anticipated debut book collects and transforms work from his ten years as a mainstay of the NYC poetry scene. With work that ranges from the laugh out loud funny to the silence and rage of loss, Forgive Yourself These Tiny Acts of Self-Destruction is a must read. As the book unfolds Jared guides the reader through fresh takes on the discussion of body image and body positivity side by side with all too familiar discussions of mental health, anxiety and suicide. It explores the complex cloth that is American culture and New York in particular, taking extra time to examine his identity as a Jewish American and how that underpins the authors daily experience. Forgive Yourself is a modern handbook for finding yourself and your place without losing your way.

Helium is the debut poetry collection by internet phenom Rudy Francisco, whose work has defined poetry for a generation of new readers. Rudy's poems and quotes have been viewed and shared millions of times as he has traveled the country and the world performing for sell-out crowds. Helium is filled with work that is simultaneously personal and political, blending love poems, self-reflection, and biting cultural critique on class, race and gender into an unforgettable whole. Ultimately, Rudy's work rises above the chaos to offer a fresh and positive perspective of shared humanity and beauty.

Depression & Other Magic Tricks is the debut book by Sabrina Benaim, one of the most-viewed performance poets of all time, whose poem \"Explaining My Depression to My Mother\" has become a cultural phenomenon with over 50,000,000 views. Depression & Other Magic Tricks explores themes of mental health, love, and family. It is a documentation of struggle and triumph, a celebration of daily life and of living. Benaim's wit, empathy, and gift for language produce a work of endless wonder.

Language so often falls us. In his highly anticipated follow up to Helium, Francisco has created his own words for the things we cannot give name to. English is the shiniest hammer I own, but it's also the only thing in my toolbox. Nolexi noun no-lex-i | \ n?-lek-si \ Definition of nolexi: 1 : a word or phrase that does not exist or has no direct translation in a particular language I'll Fly Away uses Francisco's invented lexicon as the palette to paint an intimate portrait of Black life in America - one that praises joy and grace without shying away from the hard truths confronting all of us today.

One part mixtape, one part disorientation guide, and one part career retrospective, Kyle \"Guante\" Tran Myhre's debut looks you directly in the eye and doesn't let you flinch. Ranging from justice to love, community action to personal reflection, A Love Song, A Death Rattle, A Battle Cry is a dedication to craft. Clocking in before the rest of us are even awake, the book wastes no time. It does the work and beckons you to follow. A compilation of poems, lyrics and essays from the UN presenter, MC, and two-time National Poetry Slam champion, this book is a love song tucked into a grenade, a necessary call that demands a response.

Swallowtail, a collection of poetry by Brenna Twohy is a deep dive into the dissection of popular culture, and how the brightness and horrors of it can be mirrors into the daily lived experiences of women in America.
