This book explores the phenomenon of Independence Days. These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole, where they were extensively reported in the press. The text is concerned with the political management, associated rhetoric and iconography of these seminal celebrations. The focus is therefore very much on political culture in a broad sense, and changing perceptions and presentations over time. Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism, invented tradition and transitions in British culture. Although the book is mainly concerned with the British Empire, Martin Shipway – a leading historian and cultural analyst of French decolonization – contributes an acute summary of how the same ' moment ' was handled differently in the other great European empires. There are detailed and lively studies by noted specialists of the immediate coming of Independence to India/Pakistan, Malaya, Ghana, Zimbabwe, and Guyana. The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax. This book was published as a special issue of The Round Table.

Are you ready for a total body transformation? In The 21-Day Yoga Body, renowned wellness warrior and lifestyle expert Sadie Nardini gives you a program to renovate your body, mind and spirit. This fast-acting program, based on Sadie ' s potent inspirations, real-world recipes and unique Core Strength Vinyasa yoga style will turbocharge your results: speed up your metabolism, build lean muscle, and burn fat, all while building nutritional savvy and emotional strength. Designed to fit into your busy life, each day of the three-week plan includes a series of daily lifestyle tips, new-generation yoga poses (illustrated with step-by-step photos), breathing and meditation exercises, and nutrition tips and recipes (vegans, vegetarians and meat-eaters alike, welcome!). There's even wine! Here ' s what results many people are getting in just 3 weeks: • A fun, fresh yoga practice that's based in cutting edge anatomy for the maximum safety, strength, flexibility, and mind-centering benefits for the time you spend on the mat. • More confidence, clarity of purpose, a renewed spirit and the ability to know yourself more deeply and act from your truth. • Daily guidance about how to approach your personal, life and relationship challenges—and totally rock them. • A daily meal plan that gives you a new, creative relationship with food and reveals how to eat fresh, whole—and fantastically well—for a lifetime. • Creative action steps to make all these great ideas a reality and create more success for you on all levels! So get ready to kick some asana, play while you learn, and create your most fit, fierce, and fabulous self ever!

Ainsley Apple is bored with playing in the woods near her orchard home and wants to go on an adventure. Journey with Ainsley and her good friend Peyton Pear as they set off to uncover the truth about the mysterious onions who live over the hill. Are onions really creepy, nasty, and yucky like everyone in Bloom Valley says? Discover what Ainsley and Peyton learn about onions and themselves when they meet Owen Onion.

Macromedia's Flash 8 is the world's premier program for adding animation to websites. And with the latest version, this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive. And it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, Flash 8: The Missing Manual is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at nondevelopers, and it teaches you how to translate your ideas into great web content. It begins with a solid primer on animation, which helps you get comfortable with the Flash interface. Once you have these basics under your belt, Flash 8: The Missing Manual moves on to advanced animations, including adding special effects and audio, video, and interactivity to your presentations. When you're really feeling steady, the book shows how to use a dollop of ActionScript to customize your content. It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy. Along the way, the book shows you good design principles and helps you avoid elements that can distract or annoy an audience. Author Emily Vander Veer has more than a dozen books to her credit, including titles on web design and scripting--most written for non-technical readers. Her background makes her the perfect author for a straightforward book on a complex subject. She takes Flash 8: The Missing Manual from the basics to the advanced, yet avoids a hasty jump into tough topics that can leave readers confused. Not only will Flash 8: The Missing Manual help you turn a concept into unique, dynamic content, but it will continue to serve as a reference as you develop your website.

More than 300,000 engineers have relied on the Engineer-In-Training Reference Manual to prepare for the FE/EIT exam. The Reference Manual provides a broad review of engineering fundamentals, emphasizing subjects typically found in four- and five-year engineering degree programs. Each chapter covers one subject with solved example problems illustrating key points. Practice problems at the end of every chapter use both SI and English units. Solutions are in the companion Solutions Manual. Comprehensive review of thousands of engineering topics, including FE exam topics Over 980 practice problems More than 590 figures Over 400 solved sample problems Hundreds of tables and conversion formulas More than 2,000 equations and formulas A detailed 7,000-item index for quick reference For additional discipline-specific FE study tools, please visit leprep.com. _____ Since 1975, more than 2 million people have entrusted their exam prep to PPI. For more information, visit us at ppi2pass.com.

Many of the people responsible for a website don't have a clue what's required to build one and keep it up and running. The job of planning, launching, and managing a site often falls to people who have little or no experience in web design or development. Website Owner's Manual is for the thousands of marketers, IT managers, project leaders, and business owners who need to put a website in place and keep it running with a minimum of trouble. Using clever illustrations, easy-to-follow lists and diagrams, and other friendly touches, Website Owner's Manual helps readers form a vision for a site, guides them through the process of selecting a web design agency, and gives just enough background to help them make intelligent decisions throughout the development process. This book provides a jargon-free overview of web design, including accessibility, usability, online marketing, and web development techniques. Using Website Owner's Manual, readers master the vocabulary and concepts they need to discuss how a website dovetails with the needs of a business. This book will help them work confidently with the designers and developers building and maintaining a site so they can concentrate on what your website needs to do. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

Includes Part 1, Number 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (July - December)
This beautifully illustrated edition of the New York Times bestselling classic celebrates the 42nd anniversary of the original publication—with all-new art by award-winning illustrator Chris Riddell. SOON TO BE A HULU SERIES • "An astonishing comic writer." —Neil Gaiman Nominated as one of America ' s best-loved novels by PBS ' s The Great American Read It ' s an ordinary Thursday morning for Arthur Dent . . . until his house gets demolished. The Earth follows shortly after to make way for a new hyperspace express route, and Arthur ' s best friend has just announced that he ' s an alien. After that, things get much, much worse. With just a towel, a small yellow fish, and a book, Arthur has to navigate through a very hostile universe in the company of a gang of unreliable aliens. Luckily the fish is quite good at languages. And the book is The Hitchhiker ' s Guide to the Galaxy . . . which helpfully has the words DON ' T PANIC inscribed in large, friendly letters on its cover. Douglas Adams ' s mega-selling pop-culture classic sends logic into orbit, plays havoc with both time and physics, offers up pithy commentary on such things as ballpoint pens, potted plants, and digital watches . . . and, most important, reveals the ultimate answer to life, the universe, and everything. Now, if you could only figure out the question. . . .
