Let's Review Physics covers all topics in the New York State high school curriculum for physics and prepares students to pass the Physics Regents Exam. Topics covered include: motion in one dimension, forces and Newton ' s laws, vector quantities and their applications, circular motion and gravitation, momentum and its conservation, work and energy, the properties of matter, static electricity, electric current and circuits, magnetism and electromagnetism, waves and sound, light and geometric optics, solid-state physics, modern physics from Planck ' s hypothesis to Einstein ' s special theory of relativity, and nuclear energy. One recently-administered actual Physics Regents Exam is also presented with an answer key.

The RCT United States History and Government Passbook(R) prepares you for your test by allowing you to take practice exams modeled after the multiple-choice questions on the real Regents exam.

This all new study guide developed specifically around the ADPSM Algebra I curriculum and standards gives students the tools they need to excel on the ADPSM Algebra I End-of-course exam. From comprehensive content review to practice questions, quizzes, and tests, students will be on the path to success with this comprehensive study guide.
