Principles of Comparative Politics offers the most comprehensive and up-to-date introduction to comparative inquiry, research, and scholarship. In this thoroughly revised Third Edition, students now have an even better guide to cross-national comparison and why it matters. The new edition retains a focus on the enduring questions with which scholars grapple, the issues about which consensus has started to emerge, and the tools comparativists use to get at the complex problems in the field. Among other things, the updates to this edition include a thoroughly-revised chapter on dictatorships that incorporates a discussion of the two fundamental problems of authoritarian rule: authoritarian power-sharing and authoritarian control; a revised chapter on culture and democracy that includes a more extensive examination of cultural modernization theory and a new overview of survey methods for addressing sensitive topics; a new section on issues related to electoral integrity; an expanded assessment of different forms of representation; and a new intuitive take on statistical analyses that provides a clearer explanation of how to interpret regression results. Examples from the gender and politics literature have been incorporated into various chapters, the Problems sections at the end of each chapter have been expanded, and the empirical examples and data on various types of institutions have been updated. Online videos and tutorials are available to address some of the more methodological components discussed in the book. The authors have thoughtfully streamlined chapters to better focus attention on key topics.

William Roberts Clark, Matt Golder, and Sona Nadenichek Golder's groundbreaking Principles of Comparative Politics offers the most comprehensive and up-to-date introduction to comparative inquiry, research, and scholarship. In this thoroughly revised Third Edition, readers have an even better guide to cross-national comparison and why it matters. Readers are offered a new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results; a thoroughly-revised chapter on culture and democracy that now includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics; and a revised chapter on dictatorships that incorporates a principal-agent framework for understanding authoritarian institutions. Examples from the gender and politics literature have been incorporated into various chapters and empirical examples and data on various types of institutions have been updated. The book's outstanding pedagogy includes more than 250 tables and figures, numerous photos and maps, end of chapter exercises and problem sets, and a broader set of works cited. New to this Edition A new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results are included. A thoroughly-revised chapter on culture and democracy includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics. A revised chapter on dictatorships incorporates a principal-agent framework for understanding authoritarian institutions. Examples from the gender and politics literature have been incorporated into various chapters. Empirical examples and data on various types of insitutions have been updated. Online videos and tutorials guide students through some of the methodological components addressed in the book.

Adapted from the groundbreaking bestseller Principles of Comparative Politics, Third Edition! Foundations of Comparative Politics presents a scientific approach to the rich world of comparative inquiry, research, and scholarship, providing you a guide to cross-national comparison and why it matters. This condensed, more accessible format introduces you to the key questions in comparative politics, using brief insights from tools such as decision, social choice, and game theory to help you understand clearly why some explanations for political phenomena are stronger than others. Foundations concentrates on describing the core features of regimes and institutions and on analyzing how these fundamental attributes drive variation in the economic and political outcomes we care about most. This approach more closely replicates what comparative scholars do: constructing and testing theories on political phenomena over basic memorization of country-specific facts to explain, rather than describe. Illustrated with current examples that show the application of theory, you will gain invaluable real-world skills in critical thinking and empirical analysis that you will carry with you long after the course is over.

Accompanys: 9781608716791 .

Exploring the debates about political issues that drive current research, this text provides a real insight into comparative politics. The book looks closely at the work of comparativists and the methods they use.

Debating in its first edition and driven by a question-based approach, Comparative Politics shows readers how to do real comparative analysis while introducing them to political institutions, identities, and interests. This thematic survey uniquely balances the how/analytical knowledge and the what/descriptive knowledge to help readers make their own political arguments and to thus be more critically informed and engaged political participants.

Debating in its first edition and written by a new generation of area studies experts, Case Studies in Comparative Politics follows a questions-based approach that helps readers understand different countries' political histories, institutions, identities, and interests and why each country is politically interesting and relevant. When used on its own or with the accompanying thematic survey, Case Studies in Comparative Politics asks and answers the same important questions that political scientists research and that are relevant to anyone interested in politics.

This introduction to public policy applies analytic models to key policymaking challenges, enabling students to independently evaluate core dilemmas.
