Despite their central role in many forms of music-making, drummers have been largely neglected in the scholarly literature on music and education. But kit drummers are increasingly difficult to ignore. While exponents of the drum kit are frequently mocked in popular culture, they are also widely acknowledged to be central to the musical success and aesthetic appeal of any musical ensemble in which they are found. Drummers are also making their presence felt in music education, with increasing opportunities to learn their craft in formal contexts. Drawing on data collected from in-depth interviews and questionnaires, Gareth Dylan Smith explores the identities, practices and learning of teenage and adult kit drummers in and around London. As a London-based drummer and teacher of drummers, Smith uses his own identity as participant-researcher to inform and interpret other drummers' accounts of their

experiences. Drummers learn in multi-modal ways, usually with a keen awareness of exemplars of their art and craft. The world of kit drumming is highly masculine, which presents opportunities and challenges to drummers of both sexes. Smith proposes a new model of the 'Snowball Self', which incorporates the constructs of identity realization, learning realization, meta-identities and contextual identities. Kit drummers' identities, practices and learning are found to be intertwined, as drummers exist in a web of interdependence. Drummers drum; therefore they are, they do, and they learn - in a rich tapestry of means and contexts.

(Book). Foreword by Neil Peart. Talent, energy, dedication, discipline, passion, innovation, education, drive, mind, body, spirit, vision, honor, truth, and drums make the man: Kenny Aronoff. Voted by Rolling Stone magazine as one of the greatest drummers of all time, Aronoff is arguably the most sought-after recording and touring beat master ever. Ignited by the Beatles' appearance on The Ed Sullivan Show in 1964, Aronoff's passion for drumming fervently grew and carried him from the kit in his childhood living room in the Berkshires to Bernstein at Tanglewood to Mellencamp, Etheridge, Fogerty, Smashing Pumpkins, the Rolling Stones, the Beatles his heroes and beyond. But none of this would have been possible without his fierce work ethic and unique approach to drumming an integration of all parts of his being, along with meticulous attention to note-for-note detail, feel, and what the song needs . Both a leader and a team player in the mission to realize a greater good an unforgettable recording, a riveting show Aronoff brings it every time. Through any setbacks heartaches, failures, injuries, or plain fatigue from the rigors of the biz Aronoff has stayed the arduous and wild rock 'n' roll course. His tale of what is possible with unrelenting dedication to one's bliss is an inspiration to all. Sex, Drums, Rock 'n' Roll! details Aronoff's youth in the Berkshires and the Midwest, from his early inspirations to his serious classical and jazz study, which gave him the foundation to be able to play anything. The failure of a first rock band in his early twenties had a silver lining: it freed him up for an audition that would change his life John Mellencamp. His work with Mellencamp catapulted Aronoff to the top of the charts with such hits as "Hurt So Good," "Little Pink Houses," and "Jack and Diane" and paved the way for session and recording work with droves of remarkable artists: Melissa Etheridge, John Fogerty, Bon Jovi, Stevie Nicks, Smashing Pumpkins, the BoDeans, Paul Westerberg, Celine Dion, Iggy Pop, Elton John, Bob Dylan, Alice Cooper, Brian Wilson, Meat Loaf, Joe Cocker, and countless others. In addition to his work as a world-famous recording and touring drummer, Aronoff finds time to be a dedicated teacher and has shared his expertise with students all over the world, teaching clinics for Tama and Zildjian. Heading into his fourth decade of rocking hard, Aronoff shows no signs of slowing down. Featuring rare photos, testimonials from major artists and from those who know him best, a chronology of live performances, a discography, and a foreword by Neil Peart, this book is the story of one of the greatest musicians of all time.

N/A

In histories of music, producers tend to fall by the wayside--generally unknown and seldom acknowledged. But without them and their contributions to the art form, we'd have little on record of some of the most important music ever created. Discover the stories behind some of jazz's best-selling and most influential albums in this collection of oral histories gathered by music scholar and writer Michael Jarrett. Drawing together interviews with over fifty producers, musicians, engineers, and label executives, Jarrett shines a light on the world of making jazz records by letting his subjects tell their own stories and share their experiences in creating the American jazz canon. Packed with fascinating stories and fresh perspectives on over 200

albums and artists, including legends such as Louis Armstrong, John Coltrane, and Miles Davis, as well as contemporary artists such as Diana Krall and Norah Jones, *Pressed for All Time* tells the unknown stories of the men and women who helped to shape the quintessential American sound.

Unlike any other how-to-drum book currently out there, this book is specifically geared to adults. Maybe you always wanted to play, but for whatever reason it never happened. Maybe you left music-making behind at some point and want to pick it back up. Either way, this book is designed for you. It is a focused introduction on how to play music with other people. After working your way through this book, you will be able to play music with a band, have fun, and sound good. Even if you master only the patterns in this book, you will still be able to make music with your friends and convincingly fake your way through just about any song you hear on the radio. Maybe you won't be able to play the exact pattern the original drummer played yet, or every fill, but you will be able to get the idea across in a way that you and the people you play with will enjoy. You will also get a firm musical foundation and a good practice method that will allow you to branch off in the direction you want to go after you master this book.

*******Why Choose This Book******* ***This is the only how-to-play-drums book written specifically for adult novices, adults returning to the drums and for other instrumentalists who want to learn the drums ***You want to learn how to make music, not just play notes. ***It has a practice method based on my professional and academic experience that you can use for any material, in any book ***You can work their own way through at their own pace ***The book and practice method are designed to fit different learning styles ***The book offers a unique notation system designed to make understanding what to do on the drums more intuitive and also to make transitioning to staff notation easier *****What You Will Learn***** ***This book is not a compendium of everything you can do on the drums. Instead it is designed for people who want to start playing drums with other people for fun. Through working your way through this book, you will: ***Get to know the drum set and how to set it up ***Use basic drum technique ***Be able to play basic patterns and fills ***Know how to make those fills groove ***Understand what drums do in a band ***Have a system to take basic drum patterns, master them, and incorporate them into your playing

This book & CD traces the evolution of New Orleans jazz and second-line drumming from the early styles of ragtime and traditional jazz to their modern applications in contemporary jazz.

From early childhood singing in church to the rock 'n' roll limelight of Derek and the Dominos, Bobby Whitlock launched a musical journey still going to this day. Whitlock's life story does more than share rock gossip about stars like Keith Moon, George Harrison, and Eric Clapton, however. Whitlock candidly discusses his abusive childhood, his experiences with Delaney and Bonnie, failed marriages, and drug addiction, and how the star-studded lifestyle evolved into a peaceful partnership with his wife and musical partner.

Homicide cop Bobby Dunston's daughter has been kidnapped, taken in broad daylight on a city street in the middle of September. The kidnapers demand a million dollars and force Dunston to get the ransom from his friend Mac McKenzie. It soon becomes apparent to the two of them that one of the kidnapers is childhood pal Scottie, a once aspiring drummer now gone astray, and that the kidnapping is payback for "crimes" committed in their past. McKenzie, former cop and now unlicensed P.I., handles the ransom drop-off and the child is returned safely. But Scottie is found dead---brutally murdered---and someone has taken out an open contract on

McKenzie, using his own money to pay for it. Dodging attempts on his life from assassins of all shapes and sizes, McKenzie now has precious little time to uncover the mastermind behind it all if he's going to survive. Madman on a Drum is another thrilling entry in David Housewright's hard-boiled mystery series.
