A must have for MBA students and professional managers who need to use English at work. A part of the hugely popular Professional English in Use series, this book offers management vocabulary reference and practice for learners of intermediate level and above (B1-C1). Key MBA topics, including Leadership, Change Management and Finance are presented through real business case studies. The course is informed by the Cambridge International Corpus to ensure that the language taught is up-to-date and frequently used. Primarily designed as a self-study, the book can also be used for classroom work and one-to-one lessons. This book is a must for both students of MBA or other Business programmes and professionals who need management English.

In 1912, Mary is on board the Titanic when it hits an iceberg and changes her life forever.

With a fascinating plot involving time travel, this fast-paced, emotional suspense novel will keep middle grade and young adult readers at the edges of their seats. By both society's measure and her own, fifteen-year-old Zoe Mahar is pretty much a loser. Then one day she ducks into Spencerport Savings and Loan simply to get out of the rain—and witnesses a bank robbery gone horrifyingly wrong. The good news is that Zoe has a unique ability: she can play back time and repeat events. But it's not an unlimited deal—she can only jump 23 minutes, and her first playback creates an even more disastrous outcome. Zoe has only 10 tries to get it right before this particular 23 minutes becomes irreversible. In the process of trying to become the heroine she doesn't believe she can be, Zoe learns about herself and realizes that there is more to who she is than she thought.
