In This Bitter Earth, Sugar Lacey is on her way out of Bigelow, Arkansas, where she'd come to break with the past. With her
worn leopard-print suitcase and her head held high, she walks past the prying eyes of its small-minded, cruel-hearted
townsfolk, praying for the strength to keep going. She doesn't stop until she arrives at her childhood home in Short Junction.

The empire of Akkad is coming apart at the seams and Ammon-shur and his family find themselves in the middle of all of the social and political turmoil. With the nomadic Gutian Confederation to the North sensing an opportunity to snatch up loot and slaves from the poorly defended cities on the periphery of the empire, an aggressively expansionist Elamite empire looking to settle old scores once and for all and restive Sumerian city-states inside the empire hoping to throw off Akkadian domination for good, it seems that there is no safe haven to be found anywhere. Even the unimportant backwaters of Canaan where Ammon's daughter and son-in-law make their home has been drawn into the growing conflagration and Ammon soon finds himself thrust into battle after battle against his will as he fights to hold his family together in the face of the ever stronger winds of war which seem poised to tear it apart.

Uncle Champion was created one evening in 1980 while the author was running past Jean Gordon Grammar School located along his usual training route in Gentilly. The story was originally named "For the Love of Sara." The title was chosen from the author's favorite song at the time. The original Uncle Champion creation was actually a combination of Uncle Champion I and Uncle Champion IV, but to follow the journey and fully understand the story, II and III were added and I and IV were split into two separate stories. The story begins with our runner, Christopher Uncle who decided to start running as a form of exercise. He was raised by a very good mother and father who taught him to always help others. While out training for the big race, his life and the lives of everyone involved changed. He found himself on a mission to save the life of an orphan named Julia. She is a very special and powerful young girl who leads the thirty-six other children of the orphanage beyond the fence. Chris meets Sara Harmony and discovers he needs her to get to Julia. He ends up saving both of them from their depressed state. At the end of each volume, a telegram arrives with Chris' next clue to the ultimate riddle, the ultimate riddle from above. In Uncle Champion II Gentilly plays a major role. It is the location of the new and modern facility designed by Christopher. Uncle Champion was named by one of the children of the orphanage and was Chris' celebrity name. All the way through Uncle Champion III you witness the relationship of Chris and Sara as it grows.

EDGAR AWARD WINNER FOR BEST MYSTERY BANK STREET BEST BOOK OF THE YEAR SILVER BIRCH AWARD WINNER
"Complex and satisfying. Written from Daniel's point of view, this perceptive first-person narrative is sometimes painful, sometimes amusing, and always rewarding." —Booklist (starred review) From the author of Incredible Space Raiders from Space! comes a brand-new coming-of-age story about a boy whose life revolves around hiding his obsessive compulsive disorder—until he gets a mysterious note that changes everything. Daniel is the back-up punter for the Erie Hills Elephants. Which really means he's the water boy. He spends football practice perfectly arranging water cups—and hoping no one notices. Actually, he spends most of his time hoping no one notices his strange habits—he calls them Zaps: avoiding writing the number four, for example, or flipping a light switch on and off dozens of times over. He hopes no one notices that he's crazy, especially his best friend Max, and Raya, the prettiest girl in school. His life gets weirder when another girl at school, who is unkindly nicknamed Psycho Sara, notices him for the first time. She doesn't just notice him: she seems to peer through him. Then Daniel gets a note: "I need your help," it says, signed, Fellow Star Child—whatever that means. And suddenly Daniel, a total no one at school, is swept up in a mystery that might change everything for him. With great voice and grand adventure, this book is about feeling different and finding those who understand.
