Real Customer Reviews "An excellent work for novice investors, this book is especially valuable for high school, college students and anyone who is new to investing. This should be the first book read by a beginning investor." -Former J.P. Morgan Analyst "This book is written in language fit for any aspiring investor!" -Amazon Customer "This book taught me a lot about investing, stock, and strategy to become a good investor." - Amazon Customer. How I learned to Invest When I started investing in the stock market, at 16 years old, it was overwhelming. There were many technical terms that I did not understand. I did not know how to find a good stock or even when to buy a stock. It was even more overwhelming that there were so many investing strategies- short selling, day trading, long-term investing; I did not know which one was the best for me. Even worse was that I did not know how to get started without the fear of losing my money. For many days, months and years, I studied the strategies that successful investors like Warren Buffet have used to become the best. After discovering an easy-to-learn formula for investing in stocks, I decided to create my portfolio. My first stock quickly jumped over 30%, and my second one increased by over 15% in less than 3 months. With an average investor gaining 8% per year, I destroyed the market, gaining 25% in only 3 months. After my success, I knew that my strategy is the best and foolproof. This strategy is so simple and effective that a 16-year-old kid was able to learn it and implement it. The strategy was created by a beginner investor, and for beginner investors. This is one of the only strategies that require no previous investing knowledge and can be easily understood. What YOU will learn This book will teach you the fundamentals of investing in an easy to understand and concise way. After you read this book, you will be able to easily beat the market and invest without fear. You will be able to 10X your money and live off of passive income. My formula will help anyone of any age make money in the stock market by teaching YOU... \*The Basics Step by Step Process of Getting Started \*The Fundamentals Of Investing \*The Best Time To Buy A Stock \*3 Key Mistakes To Avoid \*When To Exactly Sell A Stock \*And Much More What Are You Waiting For? For the past ten years, Shares Made Simple has been the top choice of readers who want to know more about the stock market. Now in a fully revised and updated third edition, the book continues to tear away the mystique and jargon that surrounds the stock market. Written by highly respected financial journalist Rodney Hobson, it takes you step by step through the most basic concepts of stock market investing, carefully explaining issues such as: - what shares are and how they are bought and sold - why share prices go up and down - why some companies' shares look cheap while others appear to be expensive - the hidden traps for the unwary. This fully revised and updated third edition of this bestselling book sets out to create a level playing field between the stock market professionals and the small investor. No one needs to suffer pitiful bank interest rates when there is real money to be made in sharing the nation's wealth. Tens of thousands of investors have already benefited from Rodney's clear explanation of the stock market - now you can too.

As an investor, the stock market offers you the opportunity to increase your income without taking on the high risks that are usually associated when venturing in other businesses. By selling stocks, the company raises capital and is able to expand itself exponentially. Therefore, as an investor, when you purchase shares of a company, you have increased the worth of the company. Thus it's a win-win situation for both investor and owner. The negative risk associated with the stock market can be small or large, but it all depends on the number of shares of stock that you, as an investor, have bought. Therefore, if a company's stock shares lose value, the stocks you have bought also loses value, and if you decide to sell your stocks when the value is low, you will have incurred a loss. I will show you how you can minimize your risks and show you different ways in which investors are not only making money, but are also building with the stock market.

Learn the Smart Way to Invest, Make Money and Generate a Passive Income in the Stock Market The Stock Market can be a 'Financial Game Changer' for anyone that invests their time to learn about how to do it the Smart-Way, but sadly, many miss out on the great money-making machine of the stock market. But why? - They don't know where to start. It all seems too complicated! - They hear that the stock market is 'too risky' and are afraid to invest. - They are unsure how much to invest, where to invest and when to invest. - They have invested before; they lost their money and are cautious about trying again. - There is too much terminology to understand.
