Baby River, the daughter of jailed activist Reina Mae Nasino, was laid to rest at the Manila North Cemetery Friday afternoon. The three-month-old baby died of respiratory failure on October 9 before she could be reunited with her mother. The funeral was fraught with tension, even when Reina Mae’s kin and counsels asked police to allow the activist-mother to peacefully mourn her daughter’s passing during her three-hour furlough from 1 p.m. to 4 p.m.

Beryl, embarrassed by her mother’s notoriety as a civil rights activist, flees her mother and enrolls in the University of North Carolina, where she encounters paradoxes and prejudices that force her to come to terms with her own values

Seventy years after the establishment of Rhodesia by the European settlers, a little girl was born to an activist. Her father fought to establish a one man, one vote system. He was arrested and imprisoned for ten years. The girl was ecstatic to have her father back until she realized that he had become a stranger to her. My Father before Me is a vivid journey through Catherine Kanhema-Blinston’s early life. It chronicles her life in the midst of poverty, war, and prison camps. Her happiest moments during her childhood were the fun, light-hearted times she shared with her big family and the bonds she formed with her siblings during her outdoor adventures. These pleasant memories create a sharp contrast to the instability faced by a young girl growing up as a political activist’s daughter.

Patricia Stephens Due fought for justice during the height of the Civil Rights era. Her daughter, Tananarive, grew up deeply enmeshed in the values of a family committed to making right whatever they saw as wrong. Together, in alternating chapters, they have written a paean to the movement—its hardships, its nameless foot soldiers, and its achievements—and an incisive examination of the future of justice in this country. Their mother-daughter journey spanning two generations of struggles is an unforgettable story.

Seventy years after the establishment of Rhodesia by the European settlers, a little girl was born to an activist. Her father fought to establish a one man, one vote system. He was arrested and imprisoned for ten years. The girl was ecstatic to have her father back until she realized that he had become a stranger to her. One of NPR’s Top 100 Book for Young Readers “Reading it is almost like reading Howard Zinn’s A People’s History of the United States, but for two-year olds—full of pictures and rhymes and a little cat to find on every page that will delight the curious toddler and parents alike.”—Occupy Wall Street A is for Activist is an ABC board book written and illustrated for the next generation of progressives: families who want their kids to grow up in a space that is unapologetic about activism, environmental justice, civil rights, LGBTQ rights, and everything else that activists believe in and fight for. The alliteration, rhyming, and vibrant illustrations make the book exciting for children, while the issues it brings up resonate with their parents’ values of community, equality, and justice. This engaging little book carries huge messages as it inspires hope for the future, and calls children to action while teaching them a love for books.

“I always hoped [Mary Williams] would tell her incredible story. She’s a writer of uncommon clarity and humor, and the arrival of her memoir is cause for celebration.” —Dave Eggers, author of What is the What As she grew up in 1970s Oakland, California, role models for Mary Williams were few and far between: her father was often in prison, her older sister was a teenage prostitute, and her hot-tempered mother struggled to raise six children alone. For all Mary knew, she was heading down a similar path. But her life changed when she met Jane Fonda at summer camp in 1978. Fonda grew attached to the bright girl and eventually invited her to become part of her family, becoming the mother Mary never had. Mary’s life since has been one of adventure and opportunity—from hiking the Appalachian Trail solo, working with the Lost Boys of Sudan, and living in the frozen reaches of Antarctica. Her most courageous trip, though, involved returning to Oakland and reconnecting with her biological mother and family, many of whom she hadn’t seen since the day she left home. The Lost Daughter is a chronicle of her journey back in time, an exploration of fractured family bonds, and a moving epic of self-discovery.

The author, the daughter of Andrew Young, describes the participation of Martin Luther King, Jr., along with her father and others, in the civil rights movement and in the historic march from Selma to Montgomery, Alabama, in 1965.

In 1986, a group of young Brazilian women started a movement to secure economic rights for rural women and transform women’s roles in their homes and communities. Together with activists across the country, they built a new democracy in the wake of a military dictatorship. In Sustaining Activism, Jeffrey W. Rubin and Emma Sokoloff-Rubin tell the behind-the-scenes story of this remarkable movement. As a father-daughter team, they describe the challenges of ethnographic research and the way their collaboration gave them a unique window into a fiery struggle for equality. Starting in 2002, Rubin and Sokoloff-Rubin traveled together to southern Brazil, where they interviewed activists over the course of ten years. Their vivid descriptions of women’s lives reveal the hard work of sustaining a social movement in the years after initial victories, when the political way forward was no longer clear and the goal of remaking gender roles proved more difficult than activists had ever imagined. Highlighting the tensions within the movement about how best to effect change, Sustaining Activism ultimately shows that democracies need social movements in order to improve people’s lives and create a more just society.

Moving, relatable, and totally true childhood biographies of Martin Luther King Jr., Susan B. Anthony, Helen Keller, Malala Yousafzai, and 12 other inspiring activists. Every activist started out as a kid—and in some cases they were kids when their activism began! But even the world’s greatest champions of civil liberties had relatable interests and problems—often in the middle of extraordinary circumstances. Martin Luther King, Jr. loved fashion, and argued with his dad about whether or not dancing was a sin. Harvey Milk had a passion for listening to opera music in different languages. Dolores Huerta was once wrongly accused of plagiarizing in school. Kid Activists tells these childhood stories and more through kid-friendly texts and full-color cartoon illustrations on nearly every page. The diverse and inclusive group encompasses Susan B. Anthony, James Baldwin, Ruby Bridges, Frederick Douglass, Alexander Hamilton, Dolores Huerta, Helen Keller, Martin Luther King Jr., Nelson Mandela, Iqbal Masih, Harvey Milk, Janet Mock, Rosa Parks, Autumn Peltier, Emma Watson, and Malala Yousafzai.

Suggests ways to cope with parents who want to reshape society and the world, describes different kinds of activism, and discusses why parents choose to become involved.
