Sarah Pinborough 's The Death House is a stunning, powerful, painful, and yes, beautiful, read. The speculative elements are slight, but all the more intriguing for it. The focus is squarely on the main character, Toby, and the sudden turn of events that lands him in the Death House alongside other children who've suffered the same fate.

*The Death House* is an impressive story about life and death, living in uncertainty, having a terrible inescapable destiny, friendship and love. Even though *The Death House* is all about the last stage before the sanatorium, it also feels like a regular high school with normal problems like trying to fit in, fights, cliques and forming friendships.

Toby 's life was perfectly normal... until it was unravelled by something as simple as a blood test. Taken from his family, Toby now lives in the Death House; an out-of-time existence far from the modern world, where he, and the others who live there, are studied by Matron and her team of nurses. They 're looking for any sign of sickness. Any sign of their wards changing. Any sign that it 's time to take them to the sanatorium. No one returns from the sanatorium. Living in his memories of the past, Toby spends his days fighting his fear. But then a new arrival in the house shatters the fragile peace, and everything changes. Because everybody dies. It 's how you choose to live that counts.

From the Sunday Times bestselling author of *13 Minutes* comes a heart-breaking, heart-stopping tale of love, life and death which will take your breath away. Toby is a boy who has forgotten how to live. Clara is a girl who was born to die. Toby's life was perfectly normal . . . Taken from his family, Toby now lives in the Death House. Isolated from the outside world the inhabitants of are watched for any signs of a mysterious illness . . . Clara was a girl who had everything. Adored by her friends and her family, her life was destined for greatness. Now, Clara is the newest resident of the Death House and she's determined not to allow her life to end there. This is Toby and Clara's story. Sarah Pinborough is the SUNDAY TIMES BESTSELLING author of *BEHIND HER EYES*. From the author of "*Behind Her Eyes*" comes a dark and twisty suspense novel about a teenager who doesn't remember how she ended up in icy water and died for 13 minutes. She knows it wasn't an accident, and she wasn't suicidal. Now her two closest friends are acting strangely.

In this emotionally gripping, genre-defying novella from Sarah Pinborough, a woman sits at her father's bedside, watching the clock tick away the last hours of his life. Her brothers and sisters--she is the middle child of five--have all turned up over the past week to pay their last respects. Each is traumatized in his or her own way, and the bonds that unite them to each other are fragile--as fragile perhaps as the old

man's health. With her siblings all gone, back to their self-obsessed lives, she is now alone with the faltering wreck of her father's cancer-ridden body. It is always at times like this when it--the dark and nameless, the impossible, presence that lingers along the fringes of the dark fields beyond the house--comes calling. As the clock ticks away in the darkness, she can only wait for it to find her, a reunion she both dreads and aches for...

A young woman with amnesia tries to rebuild her life, but she can't escape the evil forces calling to her from the other side of the mirror. Or their warnings that something is coming for her.

"A compulsively readable story that starts as a conventional murder mystery and morphs, by degrees, into a horrifying supernatural thriller," The Guardian said of *Mayhem*. A virtuoso fantasy writer, Sarah Pinborough has won numerous awards including the British Fantasy Award for Best Short Story. In *Mayhem* Pinborough turns her attention to one of the most baffling and notorious crime sprees in Victorian times. Already frustrated in their attempts to capture serial murderer Jack the Ripper, the detectives of Scotland Yard are suddenly confronted with a new monster, dubbed the Torso Killer for his habit of leaving behind neatly wrapped parcels of his victims' body parts, minus the heads. With the terrible increase in mutilated corpses to examine, the highly regarded police surgeon Dr. Thomas Bond has lost the ability to sleep. True, a growing dependency on opium affords him some solace in his loneliest and most desperate hours, but he also fears the grip of the drug. During Dr. Bond's nightly tours of London's underbelly in search of pharmaceutical respite from the horrors that plague him by day, he encounters a mysterious Jesuit priest scouring the opium dens himself, clearly in search of someone--or something. The doctor at first rejects the strange priest's unnatural theories about the Torso Killer as an affront to scientific thought. But over time Dr. Bond's opium-addled mind begins to crumble under the growing impression that there might be some awful truth to the Jesuit's ideas. As the police struggle to capture two serial killers, the troubled forensics expert begins to suspect that he may actually know the Torso Killer personally. If he is right, Dr. Bond will need all the strength he can muster to save his small circle of loved ones from falling victim to the bloody depravities of this twisted creature.

John Connolly raved that "few writers blend mystery and the supernatural as well as Sarah Pinborough, but there are none who do it better. Quite, quite brilliant." In this gripping sequel to the acclaimed *Mayhem*, author Sarah Pinborough continues the adventures of troubled Victorian forensics expert Dr. Thomas Bond. Haunted by the nerve-shattering events he endured during the Jack the Ripper and Thames Torso Killer investigations, Dr. Bond is trying to reestablish the normal routines of daily life. Aiding in his recovery is the growing possibility that his long-held affections for the recently widowed Juliana Harrington might finally be reciprocated. He begins to allow himself to dream of one day forming a family with her and her young boy. Soon, however, a new suitor arrives in London, challenging the doctor's claims on Juliana's happiness. Worse, it seems the evil creature that Dr. Bond had wrestled with during the Ripper and Torso Killer investigations is back and stronger than ever. As the corpses of murdered children begin to turn up in the Thames, the police surgeon finds himself once again in a life-and-death struggle with an uncanny, inexorable foe.

Society rapidly gives way to terror when women start giving birth to carnivorous spider-like creatures.
