Why do some companies prosper while others fail? Despite great amounts of research, many of the studies that claim to pin down the secret of success are based in pseudoscience. THE HALO EFFECT is the outcome of that pseudoscience, a myth that Philip Rosenzweig masterfully debunks in THE HALO EFFECT. THE HALO EFFECT highlights the tendency of experts to point to the high financial performance of a successful company and then spread its golden glow to all of the company's attributes - clear strategy, strong values, and brilliant leadership. But in fact, as Rosenzweig clearly illustrates, the experts are not just wrong, but deluded. Rosenzweig suggests a more accurate way to think about leading a company, a robust and clearheaded approach that can save any business from ultimate failure.

Dr. Morgan Snow is a well-known sex therapist with a prestigious clinic devoted to the psychology of sex. One of her patients, Cleo, is a beautiful, cultured prostitute who runs her own call-girl business. Cleo has been coming to Dr. Snow because she's fallen in love, but is unable to have a healthy sexual relationship. One day, Cleo arrives with a manuscript for a tell-all book....and then disappears. A serial killer has been at work in the city, and Detective Noah Jordan turns to Morgan Snow to find out more about the psychology of a sexual murderer. Both Morgan and Noah suspect there is a link between the serial killer and Cleo's sudden disappearance, and work together to find her - before it is too late.

The ancient gods came from the stars, some to enslave and others to liberate. This world was liberated from slavers a few thousand years ago by benevolent forces. Ask anyone in India, they accept it as fact. That was but one battle. The war in the heavens continues to this day. Sometimes, they need new blood... Want to know what it might be like from 'the other side?' To see this Earth and the rest of the stars from the point of view of the so-called gods of ancient times? This story gives a possible explanation as to the origins of many religions and the existence of life on other worlds. Join a small group of scientists and soldiers as they find themselves stuck in the middle of the biggest war of all, aboard the most powerful star ship ever created - the flagship of an entire fleet. They receive instructions from a mysterious energy being that claims to have created all corporal life, to thwart an even more mysterious adversary - the source of all evil. What would you do?

In this tour de force, a father, shaken by tragedy, tries to avenge his daughter's murder-and restore his family's shattered life. It was supposed to be a typical October evening for renowned portrait artist Will Light. Over dinner of lamb tagine, his wife, Sophie, would share news about chorus rehearsals for the upcoming holiday concert, and their teenage daughter, Lucy, would chatter about French club and field hockey.

Only Lucy never came home. Her body was found, days later, in the woods. The Eastern Seaboard town of Port Fortune used to be Will's comfort. Now, there's no safe harbor for him. Not even when Father Gervase asks Will to paint portraits of saints for the new cathedral. Using the townspeople as models, Will sees in each face only a mask of the darkness of evil. And he just might be painting his daughter's killer. As Will navigates his rage and heartbreak, Sophie tries to move on; Father Gervase becomes an unexpected ally; and Rain, Lucy's best friend, shrouds herself in a near-silent fugue. Their paths collide in a series of inextricably linked, dark, dangerous moments that could lead to their undoing...or to their redemption.

THE POWER OF THE HALO EFFECT METHODOLOGY The HALO Effect methodology is a next-generation resource for organizations seeking an instrument that meets the twin objectives of providing an assessment of what is and providing feedback that can mobilize toward what ought to be. The methodology presents a comprehensive and integrated picture of the organization. Cognitive Illusions explores a wide range of fascinating psychological effects in the way we think, judge and remember in our everyday lives. Featuring contributions from leading researchers, the book defines what cognitive illusions are and discusses their theoretical status: are such illusions proof for a faulty human information-processing system, or do they only represent by-products of otherwise adaptive cognitive mechanisms? Throughout the book, background to phenomena such as illusions of control, overconfidence and hindsight bias are discussed, before considering the respective empirical research, potential explanations of the phenomenon, and relevant applied perspectives. Each chapter also features the detailed description of an experiment that can be used as classroom demonstration. Featuring six new chapters, this edition has been thoroughly updated throughout to reflect recent research and changes of focus within the field. This book will be of interest to students and researchers of cognitive illusions, specifically, those focusing on thinking, reasoning, decision-making and memory.
