The Olive Branch Inn, nestled in the picturesque and historic Colne Valley, is one of Marsden ’ s finest dining establishments. Burrowed amidst the National Trust Marsden Moor Estate, The Olive Branch boasts views which overlook the peaks and valleys of this heritage village. From a modest start as an 18th Century drinking inn, The Olive Branch has been a much loved establishment since 1830 when Joseph Sykes, one of the first landlords, ran The Olive Branch as an ’ orderly house with no ...

Food The Olive Branch, Horsham
Steadyng arms wrap around you, full of sweeping citrus notes and gentle, reassuring warmth. Israeli and Palestinian farmers, from the Sindyanna women ’ s co-operative in Galilee, work together to hand-harvest olives, which are cold-pressed into a rejuvenating Fair Trade oil.

Books

A new religion curriculum from the team that brought you The Story of the World. In this accessible and engaging book, Peter Enns (author of the controversial and best-selling Inspiration and Incarnation: Evangelicals and the Problem of the Old Testament) provides parents and teachers with a straightforward and intelligent twelve-year plan for teaching the Bible. Written for lay readers but incorporating the best scholarly insights, Telling God ’ s Story avoids sectarian agendas. Instead, Enns suggests beginning with the parables of the Gospels for the youngest students; continuing on with the more complex stories of the Old and New Testaments for middle grade students; and guiding high school students into an understanding of the history and culture of biblical times.

'An epic tale . . . told relentlessly well. If you want to read a serious account of the price of Zionism, and a sobering review of Israel's new role as conqueror and occupier, then Hirst is your man.' Christopher Hitchens
A myth-breaking general history of the Israeli-Palestinian conflict, The Gun and the Olive Branch traces events right back to the 1880s to show how Arab violence, although often cruel and fanatical, is a response to the challenge of repeated aggression. Banned from six Arab countries, kidnapped twice, David Hirst, former Middle East correspondent of the Guardian, is the ideal chronicler of this terrible and seemingly insoluble conflict. The new edition of this 'definitive' (Irish Times) study brings the story right up to date. Amongst the many topics that are subjected to Hirst's piercing analysis are: the Oslo peace process, the Israeli occupation of the West Bank and Gaza, the destabilising effect of Jewish settlement in the territories, the second Intifada and the terrifying rise of the suicide bombers, the growing power of the Israel lobby - Jewish and Christian fundamentalist - in the United States, the growth of dissent in Israel and among sections of America's Jewish population, the showdown between Sharon and Arafat and the spectre of nuclear catastrophe that threatens to destroy the region. [Hirst's] peerless reporting has earned him curses, expulsion and respect in virtually every country in the region.' Guardian

"This work is submitted to the public with an uncommon degree of solicitude and anxiety. The subject it embraces, and the objects it has in view, are of inexpressible magnitude. The former is the present critical situation of the United States, with the causes that have led to that situation ; the latter, the mitigation of party rage and rancour, and the restoration of harmony. It is no longer doubtful that a conspiracy exists in New England, among a few of the most wealthy and influential citizens, to effect a dissolution of the union, at every hazard, and to form a separate confederacy. This has been believed by some of our citizens for years, and strenuously denied by others, deceived by the mask the conspirators wore, and by their hollow professions. But it requires more than Boeotian stupidity and dulness, to hesitate on the subject, after the late extraordinary proceedings, which cannot possibly have any other object."--Preface to the first edition, Philadelphia, Nov. 8, 1814.

While Yellow is trying to sleep, Red starts playing his strummy causing an argument.

In the second volume, Anastasiou focuses on emergent post-nationalist trends, their implications for peace, and recent attempts to reach mutually acceptable agreements between Greek and Turkish Cypriots. He documents the transformation of Greece, Cyprus, and Turkey within the context of Europeanization and globalization. While leaders of both communities have failed to resolve the conflict, Anastasiou argues that the accession of Cyprus into the European Union has created a structure and process that promises a multiethnic, democratic Cyprus. With great depth and balance, The Broken Olive Branch presents a fresh analysis of the Cyprus conflict and new insights on the influence of nationalism.

Silvia Greco is broke and living with her father in New Jersey when her mother asks her for help in gathering her family together for a celebration commemorating her younger brother's high school graduation. Uniting her feuding family who haven't been together in over six years and whose parents are newly separated is a great challenge. Her peacemaking journey takes on a deeper significance when she realizes that her own happiness is linked to the disharmony in her family. Can she make peace in her family and save them from devolving into families like those of her parents with siblings who are estranged from one another? Read this award-winning book to find out while immersing in a wonderful world of unforgettable, quirky characters, humor, inspiration and delicious food! BEST OF LIST, SUSPENSE MAGAZINEIS STAR REVIEW FROM INDIE READER!

Based upon consideration of United Nation missions to the Congo (1960-64), Somalia (1992-95), and the former Yugoslavia (1992-95) and examination of counterinsurgency campaigns, Mockaitis develops a new model for intervening in intrastate conflicts and commends the British approach to civil strife as the basis for a new approach to peace operations. Both contemporary and historic examples demonstrate that military intervention to end civil conflict differs radically from traditional peacekeeping. Ending a civil war requires the selective and limited use of force to stop the fighting, safeguard humanitarian aid work, and restore law and order. Since intrastate conflict resembles insurgency far more than it does any other type of war, counterinsurgency principles should form the basis of a new intervention model. A comprehensive approach to resolve intrastate conflict requires that peace forces, NGOs, and local authorities cooperate in rebuilding a war-torn country. Only the British have enjoyed much success in counterinsurgency campaigns. Starting from the three broad principles of minimum force, civil-military cooperation, and flexibility, the British approach in responding to insurgency has combined the limited use of force with political and civil development. Carefully considered and correctly applied, these principles could produce a more effective model for peace operations to end intrastate conflict.

Argues that we must use American power simultaneously to serve our interests and advance our principles, as can be seen by examining foreign policy precedents set by every president since George Washington.
