Each person brings out a different combination of our personality and we must mourn the loss of the person who we are no longer in a partnership with whilst also mourning the loss of a part of ourselves. The Ultimate Lesbian Guide to: Getting Over Your Ex loosely uses the seven stages of grief to assist the mourning process and then offers guidance on how lesbians can reconnect with themselves, building themselves up again on a deeper level. We live in a heteronormative world and when relationship or life advice is given, it is under the false assumption that heteronormative conventions are universal. The Ultimate Lesbian Guide to: Getting Over Your Ex places lesbians at the center of its narrative and provides specialized guidance to women who have broken up with another woman.
